

ELECTION PETITION IS FILED

Park District Vacancy to Be Filled at First Spring Election

The general public has been so busy wondering and guessing who will be candidates for the municipal offices that a lone position on the park board came near being forgotten altogether. Tuesday was the last day for the filing of nomination petitions for that board. James A. McElhose was unwilling to again be a candidate and the proper petition bearing the name of Thomas W. Wilson, of the high school faculty, was substituted. The election will be held the first Tuesday in April.

Mr. Wilson is a member of the garden club and is very much interested in horticulture. The park board is limited in its expenditures by the small tax that it levies, the board members taking the stand that the park board was originally organized to clean up Arlington Heights front yard, which it did by assuming responsibility for the railroad parks and the smaller park areas in the improved parts of the town.

No Township Election
There will be no township election this year. However the school treasurer will be required to hold an election at the same time as the high school election for a member of the township board of trustees.

Full Village Tickets This Year
The municipal election will be big enough this year to satisfy all local political spellbinders. Every elective village office is to be filled. From mayor to police magistrate. In addition, there will be candidates for the library board. The last day for filing for these offices is March 12.

Arlington Heights Water O. K. Says Lab's Report

Arlington Heights can boast of water as pure as is obtainable anywhere on this earth. A sample was recently submitted to a laboratory by Julius D. Flentie, village president. That laboratory's report, received during the past week, states "Bacteriologically this is excellent water and safe for all purposes."

The analysis of the sample of water taken from the north side well in Arlington Heights reports no bacteria and a negative test for traces of bacterial pollution.

Friendly Class Thanks Purchasers of Tickets

The sale of movie tickets for the "Girl of Limberlost" more than met our expectations. We want to thank those who purchased tickets. They contributed to a grand cause and also saw a worthwhile show.

Mothers Meet Wednesday

All mothers of Arlington Heights have been invited to attend the meeting of the Arlington Heights Mothers' Club which will be held at 8 o'clock Wednesday night at the home of Mrs. Raymond Atkinson, 532 South Highland avenue, Arlington Heights. Mrs. Milton Daniels will be assisting hostess.

What Relief Projects Really Means to Arlington Heights

(Contributed)
Summing up in an impartial light of beneficial results to the community and business at large the effect of measures thus far, to alleviate the relief situation in our own local community offers food for serious thought and reflection, as well as more active and friendly interest on the part of every business man and resident fortunate enough not to be in the relief ranks.

One wonders what might have been the adverse effect had these similar measures not been provided through Federal, State and County aid.

From the financial standpoint alone, the large sums expended in Arlington Heights for relief purposes has probably pulled local business through this most disastrous period, and saved many more local individuals directly or indirectly affected from similar necessity of relief aid. This aid to business has come through the large number of needy on relief through work relief and direct relief in food, clothing and medical service purchases.

Orders on local business and professional men, rent to property owners, water payments to the village, etc., aside from such PWA funds as were spent locally. There without question, represents the determining factor that has left many of our business places on the right side of the ledger.

It's "Canaries and Dogs" This Time

Canaries and dogs had their innings Sunday in two Chicago shows and two Arlington Heights fancies attended, were thrilled, and came home convinced that the depression was near an end in the bird and dog worlds.

Albert Bauer, 249 West Wing street, is more enthusiastic than ever over possibilities in canaries. There were 850 birds on exhibit at this show from all over the country. The feature was a canary that would sing "Yankee Doodle." Al thinks he has several just as smart birds and he has purchased a copy of the music for home consumption—of himself and his birds.

Paul Arnehan of the Herald office, is the dog fancier, who accompanied by his "Play Boy Hagerty" made the acquaintance of all of the other thoroughbreds at the Sherman hotel. He returned home enthusiastic over a plan to beat the depression by educating the people of Arlington Heights to place a Boston terrier in every home, thereby breaking the present local business depression.

MOVIE TO AID EMERGENCY COAL FUND

Net Proceeds to be Used to Prevent Suffering to Those Without Fuel

Mayor Flentie has set aside Wednesday, March 13, at the Arlington Theatre for a gala movie night to secure needed funds to carry on local relief. The unexpectedly severe winter and its ensuing complications, has meant that there are many emergency cases, where the regular relief coal quota is not sufficient. A local coal fund is needed to give temporary relief in such cases.

Here's a big chance for all those enjoying nice warm homes and comforts to come out and see a good show realizing at the same time that you also contribute to the happiness and health of those not so prosperous. Buy a 25c ticket and help keep the home fires burning and a lot of little kiddies warm.

Wednesday night, March 13, is the date; the Arlington Theatre is the place; the feature picture will be Sir Gilbert Parker's, "Behold My Wife" with a cast comprising a host of Paramount stars including Sylvia Sydney, Cary Grant and Laura Hope Crews.

The admission is 25c for everybody. This night, the entire net proceeds of the advance ticket sale will go into the relief fund. Mayor Flentie is so optimistic about the future that he has already personally assured the responsibility of authorizing coal relief to a number of emergency cases.

Mr. Flentie has also assumed the cost of operation for the theatre this night.

Let's back up this mighty worthy effort with a grand community spirit and put the affair over the top in a big way. Buy one, buy two, buy more tickets if you can, enjoy the happiness of knowing you have done a good deed and helped those who find it so hard to help themselves.

Tickets are available at local stores and also secureable at the theatre and from local salesmen and ladies. Let's Go!

What Relief Projects Really Means to Arlington Heights

may be had with reference to the manner or policy, or the specific method or measure for meeting this unavoidable problem, the fact remains that by no means have these indigents alone been the beneficiaries of this aid, either financially, morally or socially.

Certainly it is not difficult to imagine or picture an ideal neighborly home community of the size of Arlington Heights, demoralized mentally and spiritually, with perhaps something like 200 families, and it would be many more under such circumstances, in a complete state of physical and mental dejection and desperation. Nor could this have been otherwise had it not been for these or similar measures of relief provided from some source. Such a situation at our very door, would of necessity, have reflected similar effect upon every thinking person in the entire community.

As to the importance of the money itself thus circulated, a most casual estimate would probably reveal that between \$2500 and \$3000 monthly in actual cash has been paid for relief work in wages, practically all of which was spent right at home because of its very sufficiency for bare necessities to the individual only. In addition, and with similar facts not officially available from any source, buying orders for food, clothing, rent, etc., to those on direct relief, represent (Continued on page 2)

START ON NEW IER PROJECTS IN ARLINGTON

Pavement Widening, More Sewer Outlets, etc., to Keep 17 Men Busy

A new 17 week IER project period starts today in Arlington Heights with work outlined that will provide employment for 75 men the coming four months. While the recently filed project application has not been officially approved by the authorities, it is almost certain that all of the projects outlined by Mr. Flentie will be accepted. Workmen are already receiving assignment under the new program.

To Widen Pavement
Among the major improvements will be the widening of the pavement around the St. John's church and possibly the Presbyterian church. In these cases the only cost to the adjoining property owners will be the material, all of the labor being paid out of relief funds.

Sewer relief for property owners on South Mitchell and West Campbell, is included in the program. The laying of short mains will provide drainage and sewers for property so sparsely settled that a special assessment would not be practical. In all cases the property benefited will pay for materials.

The northside pumping station is to be covered with brick and that park will be otherwise improved, making it one of the beauty spots in Arlington Heights.

Other projects include tree trimming and the maintenance of crossing watchmen.

ANNOUNCE TRAINING FOR MEN

Scout Council Plans Uni- versity of Scout- ing

Opening Thursday evening, March 14, and continuing each Thursday for five weeks, the men of the Northwest Suburban area will have another opportunity to become better acquainted with such important matters in the leadership of boys as Scouting Administration, Elementary Cub leadership, and American Red Cross First Aid. These three courses were definitely decided upon by the training committee as basis for the Northwest Suburban Council Spring University of Scouting. Other courses will undoubtedly be added offering a variety of training that will appeal and interest not only men who are active in Scouting and Cubbing in various capacities, but also to men who are involved in other types of boys work such as teachers, Sunday school teachers, fathers of boys and others. The location of these courses will be announced in next week's paper. They are open to everyone and invitations are being extended to various men's groups and interested individuals throughout the area. The course will be conducted under the supervision of the training committee consisting of J. O. Carr, chairman, Guy Stephens and A. O. Atkins of Park Ridge, W. H. Imig of Des Plaines, A. R. Crawford of Niles, C. E. Fullmer and E. J. Anderson of Des Plaines.

Troops Register For First Aid Competition
Troop 2 of the Community church of Park Ridge is the latest one to register a team for the Annual First Aid competition in the Northwest Suburban Council. This is to be held in Maine township high school gymnasium Friday evening, March 15, at 8 p. m. Teams previously announced are representatives of troops 1 of Park Ridge Methodist church; 9, American Legion of Palatine; 15 of Lincoln school, P. T. A., Niles center; 20 of St. Paul of the Cross Catholic church of Park Ridge; 26 of Sharps Corners P. T. A., Niles Center, and 28 of the Progressive Club of Morton Grove. The affair is under the joint direction of the Health and Safety committee headed by A. J. Beckmann and a special committee appointed by the commissioner's staff to work with Field Scout Commissioner E. J. Anderson.

Jig Town Harmony
A Real Minstrel Show

On Sunday, March 3rd, the St. Valentine Council, Ladies of Isabella, of Chicago, will present an entertaining minstrel program of jokes, songs and dance numbers at St. James school hall, Arlington Heights. There will be two performances; matinee at 3 and evening at 8. The price of admission is 35c for adults and 10c for children. The cast consists of inter-locutor, six blackfaced end men and 14 blackfaced chorines. The program has 18 numbers, lasting almost two hours and providing plenty of fun and laughter.

Masons Sponsor Movie

Palatine's Royal Arch Masons are sponsoring a movie at the Catlow theater in Barrington next week Thursday, Friday, and Saturday nights. The picture will be "Lives of a Bengal Lancer" starring Gary Cooper.

NOTICE

Alfred E. Behnke, deputy collector of Internal Revenue, will be at the Mt. Prospect State Bank during banking hours, Monday, March 4, to assist the general public in the filing of income tax returns. There is no charge for this service.

Night Police Patrolmen Undergoes An Operation

Ira Melbourne, police patrolman of the Arlington Heights business district, entered a Chicago hospital yesterday for an operation which he has been delaying for some time. He will return to the job as soon as possible. Ira has been giving some real watchman service to the business district and a substitute will take his place during his absence. The boys wish Ira the best of luck.

David Peter, 69, Dies In Phoenix, Arizona; Was Born at Arlington

David Peter, one-time Arlington Heights young man, died Friday at his home in Phoenix, Arizona. He was 69 years old and had made his home in the Southwest since the age of 16 when an uncle, visiting in Illinois, told of the ranch life and took his young nephew back with him.

Funeral services were held Tuesday. At one time Mr. Peter was an active ranchman, and later owned a chain of grocery stores. He had retired from both enterprises before his death. He left his wife, two sons and two daughters, and six grandchildren, also a sister, Mrs. Margaret Harris, 127 South State road, Arlington Heights.

She is now the only living child of David and Sarah Peter, who once owned what is now known as the Engelking farm in Elk Grove township a mile south of Arlington Heights.

Kewanee Light Plant Back in Operation After Engine Exploded

The Diesel engine which pumps city water, lights the streets and furnishes electricity for municipal purposes in Kewanee, was placed back in service last week after a two weeks' shutdown due to an explosion. Experts from the Beloit plant of the Fairbanks Morse Company, manufacturers of the engine, assisted city workmen in repairing the damage which occurred February 1, when a cylinder blew up damaging the fly wheel, engine base and crank shaft. No one was injured when the engine, which was installed about a year ago, was wrecked.

Water and lighting service was maintained during the period of shutdown through the prompt action of city officials who arranged for an emergency connection with the lines of the Kewanee Public Service company. The engine received considerable publicity two weeks prior to the explosion when Kewanee city fathers invited representatives from other municipalities in northern Illinois to attend a two day meeting held to celebrate the first anniversary of its operation.

55-Year Old Farmer Found Dead in His Bed; Lived Alone 20 Years

Charles Boeck, 55-year old farmer who had lived alone for the past 20 years on a small farm on Elia road just south of Dundee road, was found dead in his home Sunday night. The body was found by Constable Charles Foltz of Palatine township when neighbors failed to find any signs of the man about his home and saw no smoke coming from his chimney.

The body was found lying on the bed in the home. A coroner's physician who examined the body reported that death was caused by heart failure. Smoke had last been seen coming from the home Saturday morning.

Funeral services will be held at 2 o'clock this afternoon in the Dan-fer funeral home in Palatine. The Rev. John C. Voeks of St. Paul's Evangelical church will officiate. Burial will be in Cady cemetery. Mr. Boeck left a sister, Mrs. Jake Mueller, living between Barrington and Cary.

New Machine Speeds Up Watch Repair; Cuts the Cost

G. H. Wilke, Arlington Heights jeweler announces this week the installation of a new machine that is an aid in the adjustment of watches and time pieces to such an extent that the cost of such work can be lowered. You can see the watch tested before your eyes on this automatic machine. Mr. Wilke invites all owners of watches to bring them in for a free test. It only takes a few minutes.

Palatine's Royal Arch Masons are sponsoring a movie at the Catlow theater in Barrington next week Thursday, Friday, and Saturday nights. The picture will be "Lives of a Bengal Lancer" starring Gary Cooper.

MT. PROSPECT FARMER IS STORM VICTIM

Disappeared from Home Sunday; Body Found Near Rochelle

Walter J. Mueller, 25 years old, disappeared Sunday from his home on Elmhurst road and his body was found near his car at Rochelle Tuesday. His death apparently was caused by exposure during Sunday night's severe sleet and snow storm. Police believe he was overcome while walking from his automobile, which was found out of gas a mile away.

The family report that the last they saw of him was Sunday morning when he left for church, stating that he intended to drive to Des Plaines to secure some cigarettes.

Lauterburg & Oehler have charge of the funeral arrangements.

Many Messages Are Received at Home of V. I. Brown

V. I. Brown, principal of the Arlington Heights high school, is still confined to his bed with number of visitors limited. He has appreciated the many letters received from school men thru out the northwest conference as well as from Arlington Heights friends. While only a few of those who call are admitted to the sick room, he expresses interest in those who inquire as to the progress that he is making.

Opens Coach Line to Benjamin Electric Plant at Des Plaines

With the Benjamin Electric manufacturing plant at Des Plaines opening up on a full production schedule giving employment to many men and women in Palatine, Arlington Heights and Mt. Prospect, there is need of a coach line, which is being established by the Palatine Coach Line. A coach will operate for all three shifts of employment, leaving Palatine at 7:15 a. m., 3:25 and 11:25 p. m., returning immediately after the changes in shift. For hours of bus schedule in Arlington Heights and Mt. Prospect, see announcement on page two.

Road Construction Work Bids Received This Week

Three DuPage county road jobs were among bids for \$806,808 worth of highway improvements in 12 counties received this week by the state division of highways. The DuPage county jobs are:

Route 53, 4.23 miles of paving from route 5 south toward Glen Ellyn.

Route 53, 1.96 miles of paving from Glen Ellyn northeast.

Route 59, 3.0 mile paving in the approaches to the Chicago, Burlington, and Quincy railroad subway near Eola.

A bid was also received for a bridge on Winnetka road at Northfield in Cook county.

Death Takes Two More Des Plaines People

Mrs. Bertha Klose, former resident of Des Plaines, died Friday at the Wisconsin Dells. The remains were brought to the W. C. Oehler funeral home at Des Plaines. The funeral was held Tuesday. Burial was in the Town of Maine cemetery.

Mrs. Albertina Schumann, 70 years, of Lee street, Des Plaines, died Friday after a short illness. The funeral was held Tuesday from the home, Rev. Goebel officiating. Burial was in Eden cemetery.

There remain a husband, two sons and five daughters.

Handkerchief Shower Is Birthday Surprise To O. E. S. Matron

Mrs. Jennie Carlsen, worthy matron of Arlington Heights chapter O. E. S. was surprised with a chapter-wide handkerchief shower Thursday evening. The gifts were contained in a Valentine basket. A Valentine party followed the chapter meeting at which games were followed by refreshments with Valentine decorations.

TRUCK GARDENER'S DANCE AT IRVING WOLF SCHOOL

Cook County Truck Gardeners and Farmer's association, Leyden local No. 12, are sponsoring a social evening and dance for its members and friends at the Irving Wolf school, Irving Park Boulevard and Wolf road, Friday evening, March 1, 1935. All member's families and their friends are requested to be present for one grand old time. Refreshments will be served. Music is by Heine's orchestra.

Members who have not received their cards, this announcement is your invitation. Members of adjoining locals come and visit with us. Let's get acquainted.

SNOW PLOW HIT IN SLEET STORM, TWO MEN DEAD

Snow, Ice Cover Roads; Suburbs Escape Freak Storm Tuesday

Sleet and snow blanketed the suburbs and Chicago Sunday night and early Monday morning and resulted in two deaths when a Soo line passenger train struck a state highway maintenance truck pushing a snow plow on Central road about a mile north of Des Plaines.

Both men killed were residents of Des Plaines. They were Ralph Tucker, 43 years old, and Henry Colby, 26 years old. Apparently sleet had formed on the windshield and windows of the truck and obscured the vision of Mr. Tucker who was driving.

The remains were taken to the W. C. Oehler funeral home, from which place the funeral of Mr. Colby was held Thursday afternoon. Mellen Romer post, of Chicago, was in charge of the services with interment in Oak Ridge, Chicago. The funeral of Mr. Tucker was held Thursday morning at St. Mary's church, with interment in St. Boniface cemetery.

The storm, a part of the tornadoes, blizzards, and dust storms which swept the Middle West during the week-end, began with a dry, hard-driven snow Sunday afternoon and evening. At night it changed to a clinging wet mush which a strong wind piled into drifts and plastered against the lights and windows of autos.

When temperatures rose this gave way to a rain which later with lowering temperatures in the early hours of the morning became sleet. Freezing upon the roadway, upon windshields, and windows, this made driving hazardous.

Tuesday morning and afternoon a freak snowstorm blanketed the City of Chicago under several inches of clinging snow while the sun shone brightly upon the suburbs from a cloudless sky.

The return of freezing temperatures and forming of ice upon the Des Plaines river led to the death of two boys Thursday afternoon between Maywood and River Forest. They attempted to cross the river upon the thin ice which broke and plunged them into the icy water.

In answer to a call for help, Herman Grandt of Wheeling was sent to the scene by Rex Volz, superintendent of district 1 of the forest preserve, with grappling hooks and recovered one of the bodies. The other was recovered by coast guardsmen called from Wilmette.

University of Illinois Now has 13,067 Students, 945 More than in 1933-34

The total University of Illinois enrollment of resident students for the year is 13,067, an increase of 945 over last year. The figure includes registrants for both the Chicago and Urbana-Champaign departments, as well as 1592 who attended the summer session but were not enrolled during either of the other semesters. The total summer enrollment was 2,526 in Urbana and 72 in Chicago.

The figure for the down-state departments is 11,940 and for Chicago 1,127 for the entire year. The total includes 9,291 men and 3,776 women. The general registration is divided by colleges as follows: Liberal arts and sciences, 3,744; commerce, 1,698; education, 534; engineering, 1,146; agriculture, 931; fine and applied arts, 586; physical education, 295; journalism, 142; law, 300; library science, 68; graduate school, 1,011; summer session (net), 1,592; medicine, 627; dentistry, 129; pharmacy, 264.

Do You Like Good Potatoes, Try These

Through special arrangement with the growers of Michigan potatoes in the northern part of Wisconsin, Sadecky's are able this week to offer a potato special of 14c a peck or 90c a bag. The potatoes are guaranteed, by potatoes, are all guaranteed, by the producers, who have instructed Mr. Sadecky to make good any complaints.

Good potatoes are hard to find this time of the year and there is not a housewife who will not appreciate the special potatoes that Sadecky is selling this week-end at a special price—probably lower than they can be bought anywhere else.

Killed at Des Plaines

Richard Sterner, 40 year old Des Plaines carpenter, was killed at 8:35 o'clock Saturday night when he stepped into the path of a fast passenger train at the Des Plaines depot. He was attempting to go over the pedestrian crossing directly in front of the depot building.

The remains were taken to the W. C. Oehler funeral home, from which place the services were held Wednesday, under auspices of the V. F. W. Rev. Bowery preached the funeral sermon.

If In Doubt Call No. Six

Did you know that Arlington Heights has its own public welfare bureau where between the good offices of the treasurer, the police department and the pumping station attendants, there will be an answer for almost any question that you desire to ask?

Number 6 is the telephone number of police and fire departments and a fair hour spent by a reporter in the vicinity of the extra services that these officers are sometimes asked to give.

If its the temperature you desire, call No. 6; if you want to know the exact time call No. 6; if you have lost your children or your husband, call No. 6. These are only a few of the inquiries that come over that phone almost every day.

In fact they can answer almost anything—except the price of postage stamps—you have to go to the postoffice for that.

VILLAGE NOW HAS NEW PUMP NUMBER TWO

Water Department is Further Modernized with New Installation

"It never rains, but it pours," and it is "pouring" new and better water in Arlington Heights these days. Following the installation of the new pump upon the new well which has doubled previous water supply, a second new pump was placed in operation that week at the pumping station. The pump head, which includes the electrical section, came from the old Scarsdale well. New column pipe and bores makes practically a new pumping unit which insures a maximum production of water at a minimum of pumping cost from the water vein that extends under the center of the village.

With the "pulling" of the Scarsdale pump, local housewives may rest assured that they can bathe their children and wash their clothes the coming summer without the danger of making Indians of their children and dyeing their clothes with rust.

Henry Boyesen, well contractor, did the installation work for the new pump.

"Here Comes Charlie" Is a Big Success

Marvelous is the one word necessary to describe the three act play "Here Comes Charlie" presented by St. Matthews Lutheran church at the school hall three successive evenings last week-end. The cast played to a full house each night and the enthusiastic applause that greeted them clearly portrayed the enjoyment of the crowds. Rev. Toepel was again the efficient director, and the cast were remarkably well trained, and each fitted his or her role to perfection.

The audience had their big surprise when the mysterious Charlie appeared and it was found that Charlie was a girl and not a boy as had been expected. The Charlie part was created as a nickname given her as short for Charlotte. This role was played by Evelyn Finnern, who did a wonderful piece of work as she lived the story of the Ozarkian hill-billy transplant into a big city with a somewhat rough and uncouth exterior but a heart as good as gold. Evelyn deserves especial praise for her good work inasmuch as this was her first appearance in choir theatricals, yet she carried her part like a veteran.

Much comedy was provided by uncle Aleck Twigg, another hill-billy in charge of Charlie, who became a welcome addition to society when it was learned he had wealth but who never did successfully master the speech and mannerisms of the society folk. Arthur Schunknecht made a perfect uncle Aleck and brought in a lot of laughter from the audience.

The scene of the play was laid in the home of a young business man, Larry Elliott, (Harold Finnern), whose ward Charlie becomes. Although engaged to a society girl, Larry loses his heart to the last curtain, wins her consent to marry her. Harold gave a splendid performance as he went through his part. The part of his erstwhile fiancée, Vivian Smythe-Kersey, the spoiled yet beautiful society girl was ably portrayed by Ada Toepel, and Clara Frank was Mrs. Smythe-Kersey, the grand lady whose chief failing seemed to be that she couldn't help exaggerating when telling a story.

(Continued on Page 2)

EDWIN KLEHM BETTER
Edwin Klehm of Niles Center, seriously ill in the St. Francis hospital in Evanston, was reported slightly better yesterday morning. His daughter, Mrs. Pearl Klehm Mayer, 5144 Oakton street, Niles Center, has been with him daily. Mr. Klehm is a cousin of the Klehms of Arlington Heights.

STATE PLANS MORE HIGHWAY LANDSCAPING

18 Mile Strip of Northwest Highway to be Completed This Spring

Landscaping of an 18 mile strip of the Northwest highway from Barrington to Foster avenue and 15 miles of Skokie road from Elston to the north Cook county line, projects which are to be completed this spring, have inaugurated a plan by the state to gradually landscape all highways.

Three benefits of the work are pointed out, increased beauty, greater driving safety, and reduced maintenance costs. Twelve major federal aid road projects have been announced for this year.

Among them is to be a strip on Dundee road, according to an announcement from Springfield, but the announcement does not state what part of Dundee road.

Highway engineers state that uninteresting barren spaces cause a tedium of driving which causes drivers to drowse or even fall asleep. Another safety feature in the landscaping program is the placing of shrubs at intersections and sharp curves to help show off the curve and yet not smash a car if a driver misses the corner.

Phelps Vogelsang, state landscape engineer, says that highway planting not only adds to the scenic beauty, but aids in erosion control, in stabilization of fills and in weed control, and also provides nesting places and food for wild life.

Since the state undertook its landscaping program in 1933 workers have planted 113,065 trees and 108,009 shrubs from nursery stock and thousands of woodlot trees were transplanted by CWA and relief workers. Of the trees set out last year and the year before, 84.2 per cent have lived. Approximately 6,000 miles of Illinois highways will be landscaped when the spring work is completed.

Interest Rates Go Down for the Village

"Finis" will be written upon the \$50,000 PWA water project in Arlington Heights as soon as the municipality receives the final cash grant from Uncle Sam. The work is completed and the village has on hand the \$2,800 needed to make the last payment to the contractors. Before Uncle Sam lets go of his outright contribution of \$10,000 in cash and the cancellation of his part of over \$4,000 in Arlington Heights village bonds held by him, he required assurance that the village was able with the above \$10,000 to settle all claims for the work.

Under its present financial status, the village was able to borrow for a short period the needed \$2,800 from a neighboring bank at four per cent. The money will be repaid on time from either the special PWA bond account, or the April receipts of the water department.

MORE ABOUT Relief Projects

(Continued from Page 1)

ing cash redeemable only in the community, would perhaps swell the above monthly total close to another \$2500.

Obviously, and next to the indigents directly benefited themselves the first responsibility and stewardship for these benefits in circulation in the community, falls upon local business, landlords, etc., who, however inconvenienced under these conditions of circumstance, nevertheless would undoubtedly have found themselves for the most part, equally helpless and at the mercy of economic conditions, had this large percentage and source of potential business income been completely removed from the community.

In like turn are represented those indirectly benefiting from business, through employment provided, as well as other revenue for the satisfactory maintenance and welfare of the community.

To review other benefits to the community from the net accomplishments of work relief as a general whole, in valuable improvements, etc., are considerations equally worthy of acknowledgment, without indulging in argument or criticism of those activities under emergency circumstances.

Fortunately, the village of Arlington Heights, through the wisdom and fortitude of making the most of whatever situation encountered, has not faltered in challenging the task at hand in the best interests of the community, with creditable results.

This, however, has only been possible through greatly added responsibility, burden and co-operation on the part of the Village officials, whose foresight in taking advantage of the emergency, and final supervision of such work itself, has been untiring to say the least.

10:45 a. m., English service.

March 6, 7:45 p. m., First Lenten service and Holy Communion. The Lenten themes this year will be on the seven words of Christ on the Cross. "The first word will be considered March 13, and after the service a half hour of "Question and Answer" discussion or study will be held. All those interested are cordially invited to remain.

The Boy Scouts are constantly being indoctrinated on their honor to do their best to do their duty, to God and country. Many people do not think that they have a duty to perform toward God. He can be utterly neglected, little realizing that such neglect is a base neglect of themselves in what constitutes their real selves. The Lenten meditation may be and should be looked upon as a duty we owe to the Christ for what He did and still does. Such dutiful considering of Christ's great sacrifice empowers our will, spiritually charges our heart, deepening and broadening our love, and quickens and renews our mind.

March 3, at 3:30 a most complete Organ and Choir concert will be given by Miss Mildred Tess, organist and director. Do you enjoy perfectly glorious, beautiful music? Then come for you will hear such. Do you enjoy listening to a master of the organ playing exquisitely and perfectly music which stirs your soul? Then come, for you will hear such playing by Miss Tess. All the other numbers of piano and organ and choir and soloists will give you real pleasure and pure joy.

March 7 and 8 the Women's Union will present in Niles Center Theater, the Passion Play in "talkie" pictures. A matinee for children will be given Thursday afternoon at 4 p. m. Everyone should see this which is truly the greatest picture ever made because it is of the greatest story ever lived and told. It is the best introduction into a profitable Lenten observation.

College at Des Plaines

Summer school courses of Illinois Wesleyan university will be held at the Des Plaines camp ground, according to an announcement last week by the Blooming-ington institution. A wide variety of subjects will be offered in the six or ten week's courses.

(SEAL)

GLENVIEW

The Girls Club of the Order of the Eastern Star will present a one-act play at the Civic Building, following the regular stated meeting of the chapter Friday, March 8th. The play is given under the direction of Miss Gladys Harrison, president of the club, assisted by Miss Evelyn and Miss Julia Meyer, and Miss Adeline Ruger.

The local council of Girl Scouts, Glenview Troop, will hold a bakery sale in the Civic Building the second Saturday of March to provide funds for the organizing of another troop of scouts. The sale will start at 3 o'clock, March 9th. Donations of bakery goods will be welcome, and your patronage is also solicited. Mrs. Alice Ludden is president of the council this year, the sale will be in charge of Mrs. Myrtle Bleam.

The Men's Club of the Congregational Church will be hosts to the Spartans, a group of basketball boys representing the church, at their next meeting. Plans for his night were made at a meeting held at the home of Mr. Joseph Haupt.

John and Richard Noffz have been sick this week with colds, which confined the two little boys to bed.

The Better Housing committee of Northfield Township, including the villages of Glenview and Northbrook, held their first public mass meeting in the Glenview Civic Building Monday night of this week. There was a good crowd in attendance, although the severe weather cut down the attendance somewhat. Three speakers were present representing the Better Housing Movement. A number of questions were asked by those present. The special feature of the evening was the showing of the moving picture by M. A. Ring Company of Chicago on "New Homes for Old." This motion picture film was very interesting, and told in a visual way what the speakers said in words. It was the first time that this picture had been shown in public since its release by the Better Housing Movement at Washington.

MORTON GROVE

Mrs. Ida Mueller was called to Milwaukee last week Thursday by the death of her sister, Mrs. Laura Brandt. Mrs. Brandt was buried last Saturday at Milwaukee. Attending the funeral from here were her sister, Mrs. Ida Mueller, her brother, Mr. Herman Sigel and Mrs. Sigel and her nephew, Mr. Oscar Sigel.

Friends here were shocked to hear of the sudden death of Mrs. Ella Lupp, nee Gustavson. She was the wife of Dan Lupp who preceded her in death some years ago. She is survived by her only daughter, Mrs. Anna Schmitt, Mr. Schick and two grandchildren, Warren and Anna May Schmitt. The community expresses their sincere sympathy to the bereaved.

Mrs. Fred Huscher celebrated her birthday Sunday. Those to help her were her sisters and relatives, Mrs. and Mrs. Mat Yehl and Miss Doras, Mrs. Sophie Parobeck and Miss Helen, Mrs. Tillie Vananda and Miss Elenora, Mr. and Mrs. Vic Weimaskirch and son of Chicago, and Mrs. Frieda Sonne and sons, Walter, William and Julius and Mr. and Mrs. Richard Boettcher.

Miss Elsa and Ebba Laurensen and Mr. Aug. Sonne spent Monday evening with Mr. and Mrs. Fred Sonne.

ST. JOHN'S EV. LUTH. CHURCH

W. G. Fechner, Pastor

On Sunday, beginning at 10:00 a. m., one service will be held in the German language. Holy Communion will be celebrated. Confessional service at 9:30 a. m. Communicants will announce on Friday between one and four and between six and eight o'clock.

The Young People's Society will present the three act comedy "Hello Neighbor" on Friday at 8 p. m. Admission 25c for adults and 15c for children.

ARLINGTON HTS.

What is the news? Of course you'll shout.
If you see your name here spread out;
Yet gathering news is just a game.
If names make news, why not your name?
Though some folks here prefer to send,
News to the city papers; friend
Why should home people still refuse
To give the home paper their news?
Read down our items, if you find
Your name included do not mind;
If it is not, please send next week,
Some news in which your name will speak.

Folks are funny, they expect the local paper to give all the home and yet are indignant if their names are in the paper (or left out?)

Ne? Old winter coming back to give us another whack. 10 above zero, February 26.

Red Cross conference of the local unit, a speaker from headquarters, an interesting meeting. Report given elsewhere.

Tuesday the Ever Ready club met in the home of the president, Mrs. Otto Herrman, quilting and plans for future activities and an enjoyable meeting with their ever hospitable ever ready president, Mrs. Herrmann.

Monday Mrs. Ashton drove over to Rogers Park to bring Mrs. Alden to practice in the club chorus rehearsal for the March 6 program.

Sunday Mr. and Mrs. Karl Fehlman and their interesting trio of children drove down from Woodstock to spend the day with his mother, Mrs. S. Fehlman.

Mrs. Arthur Kaeppl's many friends are glad to learn that after her long confinement in a hospital, she came home Tuesday last week.

Mr. and Mrs. Reuben Davis and their children came over from Deerfield and were guests of relatives and friends in the Heights, Sunday.

Miss Fern Lorenzen spent the week-end with friends at Oak Park. Mrs. D. H. McNally of North Douglas avenue, is in a Chicago hospital for treatment.

The Northwest District Kindergarten held a Washington Birthday celebration at Palatine Wednesday this week.

Mr. Timothy Kellogg of Interlaken, New York, visited his brother, William and other relatives here last week.

Mrs. W. W. Guild was taken to a Chicago hospital last week for rest and treatment. Her many friends are hoping she will be able to come home soon, quite recovered from her long suffering, just herself again.

HEALTH

Good health comes as a reward for observance of Natural law; ill-health is the penalty of its conscious or unconscious violation. My part is to assist Nature. You'll be surprised how apparently complicated conditions yield to simple, natural treatment.

DR. A. G. HEIDEMANN,
NAPRAPATH
Phone 213-R
Office and residence
307 N. Belmont Ave.
Arlington Heights, Ill.
Hours by Appointment

The Social Five hundred will meet with Mrs. August Schulenburg in her home on South Evergreen avenue Thursday afternoon this week.

Mrs. Laughlin has been the guest of Mrs. U. A. Reese during her stay here the past week, calling on old friends.

Mrs. Langhorst of Palatine was the guest of her aunt, Mrs. John Berchtold Thursday last week. A real cheerio for her aunt.

We are glad to hear that Mrs. Belle Siefold and her son, Chester Siefold have opened a business in the south end of this village. Mrs. Siefold will spend part of her time with her husband in his place of duty.

Mrs. Louis L. Clark entertained a group of her friends at a card party in her home on East Miner street Wednesday last week.

We are sorry to hear that Mr. Nickolas Mayer is still detained at home by the painful injury he suffered to one of his feet in a fall some time ago.

Mrs. Grace Thomas was at home from Springfield where she has a position. Her coming was to store her household goods, her daughter, Anna Belle will stay here with friends to attend school.

Mrs. J. D. Flentie entertained a company of ladies Wednesday afternoon to tea and cards in her spacious home on North Belmont avenue.

Mr. Godshaw, the ever friend of the children, gave prizes to the boys and girls who attended the presentation of Shirley Temple Sunday afternoon at the Arlington Heights Temple dolls. What a delightful surprise to Dolores in which we give her joy.

Mrs. Forest Nichols was called to Beecher City, Illinois, on account of the serious illness of her sister.

Mrs. George Held went to Mount Prospect Friday last week to visit her sister, Mrs. John Bencic, who has been ill for some time.

Mr. and Mrs. Rexford Volz who had been entertaining Mrs. Laughlin Sunday, drove up to Palatine to take their guest to call on Dr. Gibbs, one of Dr. and Mrs. Laughlin's old time friends.

The people of St. James church are giving a minstrel entertainment in their hall, afternoon and evening, March 3. The entertainers from the city are from the St. Valentine council of Isabella. It is presented here that other churches may enjoy this benefit.

The Presbyterian aid gave a Pot Luck supper in the dining hall of parish house Wednesday evening.

Miss K. J. Kealy had a very pleasant message from her brother and sister, Mr. and Mrs. James Kealey of London, one day last week. Glad to have her tell us about it.

Miss Rose Heller is sharing the pleasure of her European trip with the rest of us who had to stay at home. Wednesday last week she spoke to the Fidelis Circle. Wednesday this week she will tell of her trip to the "Gleaners Circle" and next week Wednesday she will describe her journey before the Woman's club. Of her further dates we do not know.

The Fidelis Circle met Tuesday evening this week, with Mrs. H. A. Helm.

Malzahn & Goelke do sewerage, plumbing, heating, and sheet metal work; phone 478-479.—Adv.

Mrs. Hy. Busse had as an overnight guest, her cousin, Miss Lillian Vales, Chicago, last Wednesday.

Misses Carrie and Doris Clark took advantage of the extra day vacation on account of Washington's birthday and spent the week-end at their home in Stanley, Ia.

There may be old Arlington Heights friends who may not know that Herman Niemeyer (Dede) is in charge of the lunch room at the bowling alley. Dede several years ago was with Chas. Kosmin, later operating a lunch room in Palatine and then going to Wisconsin. He is the same old "Muggins."

The Methodist Men's club will meet in the church parlors for a good time March 5, at 8 p. m.

Mrs. H. F. Cunningham, 80 years old, mother of Mrs. Dick Smith, died last Friday at the home of her daughter. With her husband, she came to Arlington Heights three weeks ago, expecting to remain the balance of the winter. She was taken ill Monday and was unconscious most of the time until her death. The remains were taken to the family home at Rossville, Ill., where the funeral was held Monday. Mr. Cunningham is 84 years old and will reside with his son in Rossville. There remain four children, 5 grandchildren and one great grandchild.

Mr. and Mrs. John Noerr of Chicago were in Arlington Heights Friday to celebrate Lou Krohn's birthday. Other guests were Mr. and Mrs. William Walbaum, Miss Laura Dieball and Miss Erna Dieball.

Circle this date, April 2, the Legion Auxiliary Style Show at the Presbyterian church.

Mrs. H. F. Ackley had a happy surprise visit last Sunday from her two sisters and their husbands, Mr. and Mrs. George Wing of Sterling and Mr. and Mrs. Olson from Independence, Iowa, both busy business families who much enjoyed a week-end visit to Chicago friends.

Friends of Mr. and Mrs. Joseph C. Hofstetter are glad to hear they were singing Swiss songs in Hollywood Coliseum. Glad to hear it, just knew Mrs. Olga Hofstetter would find appreciative friends out there.

Lent begins next week, Ash Wednesday, March 6.

We said ten above zero, comes our milk man and tells us it was five above here Tuesday morning. I'll warrant those who had to dig their autos out of the ice, well knew how cold it was.

Miss Lorraine Bloese invited a group of her friends to help celebrate her eighteenth birthday last Thursday, at the home of her parents.

Arlington Offers Another "Your Choice" Dish Night

The Chinaware fans will get their long awaited pepper shakers this week.

Next week Mgr. Godshaw is announcing a twin bill for Thursday and Friday with a "Your Choice" selection (both nights) of a dozen different items including pie bakers, salad bowls, cereals, large plates, etc.
The kiddies are receiving gifts at the first show now on Sunday. This Sunday Mr. Godshaw will give a World's Fair solo ball, a toy worth the admission price to every child. "College Rhythm," a football special with a 7 star cast is the Sunday special with the possibility of another big attendance.

Lutheran Observe Lent Picture Sermons Feature

St. Peter's Lutheran church under the direction of its two pastors inaugurates the season of Lent with a special service in English next Wednesday, 8 p. m. Thereafter until Easter weekly Lenten services will be held.

Pastor Fricke will deliver a series of seven sermons on "Word Pictures of the Passion." "These sermons" the pastor explains, "are intended to make real the Christ of the Gospel and thus to deepen Christian faith in the basic facts of human salvation thru the atoning sacrifice of the cross."

A unique method will be employed to make the preaching more impressive. Pastor Fricke will illustrate his sermons with reproductions of religious paintings by the distinguished German artist, Gebhard Flugel. At each service a picture of the scene discussed will be given free to those who attend to fix the facts of the text and sermon upon the mind. This method was used last year with excellent results.

Following is the complete program of Lenten sermons:
March 6: "The Verdict."
March 13: "Assumption of the Cross."
March 20: "Weep Not Over Me."
March 27: "The Collapse."
April 3: "The Crucifixion."
April 10: "On the Cross."
April 17: "The Burial."

The pastor desires to make it known that anyone who is interested in plain Gospel preaching is invited to attend these services.

Unusual Music Program For Woman's Club Members and Guests

The music committee of the Arlington Heights Woman's Club has arranged a real treat for the members and their guests at the next meeting, March 6th. The feature of the program will be a cantata upon which the committee has been working several weeks. Mrs. Mitzeloff is the director and Mrs. McWharther the accompanist.

The afternoon's program starts with a dessert luncheon at 1:30. All past music chairmen, and music directors and the district music chairman will be at the head table and greet the club.

Between the presentation of two parts of the cantata pupils of Miss Celia Hausman will give a number of selections.

Miss Rose Heller will favor the club with a travel talk dealing with the southern part of Europe, which she has visited.

Each member will be entitled to bring one guest and it promises to be one of the most enjoyable afternoons of the year.

The members of the club enjoyed a delightful Valentine party at the home of Miss Elizabeth Heller Wednesday, Feb. 13. It was a triumph of cupid's knight, good Saint Valentine. Valentine favors, souvenirs, refreshments, shadow pictures and silhouettes—in short, everything these art loving versatile ladies could devise, or imagine, made the afternoon go quickly and one long to be remembered.

True Beauties of Art
The true beauties of art are the beauties of thought and work that the painter puts in.

"Life Problems of Man" Preached at Luth. Church

The Lutheran church seeks to make a real contribution in the solving of those tremendous problems of human life by offering a series of plain, forceful sermons on "Life Problems of Man." These sermons will be preached by Pastor Fricke Sunday mornings at 11. The pastor will sound thru the din and confusion of materialism and unbelief the clear Bible note on the meaning and purpose of life. "For many people the pastor asserts, 'life has degenerated to the level of meaningless routine without a definite purpose to sustain its functions. We need to rediscover and reapply the principles of the Bible to the problems of human life and thus lift it to a plane of happy idealism.'"

These problems and their Biblical solution will be discussed under the following topics:
March 3: "Man and Life."
March 10: "Man and God."
March 17: "Man and Man."
March 24: "Man and Property."
March 31: "Man and the Kingdom."

All who are seriously thinking on these important matters are cordially invited to hear these sermons. They will help people, the pastor believes, to arrive at a better understanding of life and its responsibilities.

Ninth District News American Legion Auxiliary

Thursday evening, Mrs. Helen Klock, rehabilitation chairman of the district held one of the most successful card and bunco parties, ever held at the Edward Hines Jr. hospital for the Veterans. There were about 100 girls who helped to put over this party, they had about 85 tables of either cards or bunco. Every man was given cigarettes and each winner an extra package. Mrs. Klock deserves a vote of thanks for the wonderful co-operation she has given the district.

On Friday evening the ninth district American Legion Post, under the direction of Commander Bernhard and auxiliary held a joint Americanism program at the Lions hall in Chicago. All post and auxiliary colors were advanced by the sergeant at arms. Commander Bernhard introduced Comrade Ed. Johnson who led us in the preamble to the constitution of the American Legion. Mrs. Ann Bernhard, ninth district director, Mrs. Helene Omilie, ninth district Americanism chairman, Mrs. Marie Suthers, state department vice president and Mrs. Scott were escorted. Music was furnished by the Drum corps of Mel Tierney and Victory posts.

C. Wayland Brooks, Dr. Scott and Geo. Helme, Cook County Council Americanism chairman were escorted and introduced.

The 4 musketeers of the Columbia Broadcasting company gave us some very fine music, also Colonel Scott spoke a few words and said how happy he was to be with the ninth district.
Mrs. Ann Bernhard was then introduced, she expressed her pleasure at the large gathering and hoped everyone would have a pleasant evening. She then introduced Helen Omilie, who in turn introduced the auxiliary speaker, Mrs. Marie Suthers. She spoke on Americanism movement. She asked each of us to know our own child

dren, and to teach them to respect us. Also that we should know our schools better. She also said that we should start a back to church movement. She urges the Legion and the auxiliary to accept its duty and carry on.

The next speaker was C. Wayland Brooks. He told us of some things which made Washington great, he also compared the times now with the times then. There were the same problems then as there are today. He also urges us to watch our schools. He says Americanism is the hope of the human race.

Commander Bernhard then adjourned the meeting.

Keep the 21st of March open for the ninth district auxiliary meeting, which will be preceded by a dinner for Pauline Renacker, state department president. More news about this next week.

F. O. E. FLASHES

The fairer sex held their first meeting at the Eagles Club rooms last Tuesday, Feb. 19, preparatory to organizing a Ladies' Auxiliary to the Fraternal Order of Eagles.

An outline on procedure to organize was given by Elmer B. Sachs, chairman of the Ladies' Auxiliary committee. Worthy President Wesley M. Cleveland, gave the ladies a very good description of the type of work being done by the Eagles, and how the Ladies Auxiliary would be a wonderful asset to the Park Ridge Aerie.

The ladies seemed very interested in organizing the Ladies' Auxiliary, and, brother, when the ladies undertake to do anything, they usually never fail.

Big Scoring Night

Last Friday was a big night for individual scoring as the strong and weak teams in most instances met. The top scorers were not in all cases with the losers, however. Pflug of Wauconda sank 22 points against Arlington and moved into a tie with Sticks of Libertyville for second place in the conference scoring with 104 points.

Reuse of Palatine just about clinched the scoring championship as he raised his total to 124 with 19 counters at Antioch. Reuse has a 20 point lead over his nearest rivals with only one game remaining. Matussek dropped to fourth with 101 points with 6 points in the Elia game. Hahnfeldt accounted for 12 points against Antioch and ranks fifth with 95 points. The Palatine center has played one less game than those who rank above him. Zimmerman of Warren moved into sixth position with 86 points due to 16 points at Barrington. Latta, the retired Barrington star, is seventh with 85 points. Other scorers ranking in the order named are Nehmer of Elia, Bishop of Antioch and Conn and Eters of Barrington.

Easy for the Best

We wish to inquire whether the district tournaments in Illinois are being conducted to send the best teams to the sectional or for the purpose of entertainment and financial gain. It appears to us that the policy of giving the two teams which are rated best, the first round byes in opposite brackets is highly unfair to teams which may be as good but have not played as many large schools.

Elgin and Dundee rate byes and have the advantage of one less game to play to reach the finals though they are large schools and can best afford to play from the start due to large squads of reserves. The winner of the Arlington-Richmond game for instance has to play a fresh Elgin team the following night. A first round bye appears to us to be as good as an 8 point spot when that team reaches the semi-finals.

56 Fouls in a Game

The Dundee-St. Charles game of last week which Dundee won 46-36 in an overtime was a queer one. A total of 56 fouls were charged against the two teams with the winners suffering 24 penalties and the losers 32. Nine players were disqualified and with this number St. Charles lost 52. Dundee made good on 20 free throws and St. Charles 12.

The best scoring we have heard of this year is 33 points made by a fellow named Zalesky playing for the Algonquin Merchants against the Elgin Foxes in an independent game. Algonquin won incidentally by a count of 64-43.

Early in the season we asked fans to inform us if they knew of any player in the conference in past years beating the mark single game of 24 points made by Reuse of Palatine. No one has sent in a better record. Now we are sending out a call to find out if anyone ever scored more than 14 points in a single eight minute quarter, a mark set by Zimmerman of Warren last week.

Two More Weeks

Two more weeks and the sport page will be discontinued in the Paddock Publications with the close of the basketball season. In the final issue will appear the individual scoring record of every player in the conference who has scored 20 or more points during the season's schedule of 12 games.

The cuts of players appearing this week were seen through the courtesy of the Waukegan News-Courier, a daily paper with wide circulation in Lake county. There will be more pictures next week.

Better Come Early

When Palatine played at Barrington many fans were turned away because the facilities would not accommodate the huge turnout. Tonight a similar overflow is expected. Palatine can seat more than Barrington, but people who come after 7 o'clock may not have much choice of seats.

The Northwest Conference paired Wauconda and Warren in the north section and Leyden and Bensenville in the south for the first round of the conference tournament several weeks ago. Warren won 26-21 and Leyden triumphed 35-28. Now the state has paired the same teams in district tournaments. Warren meets Wauconda at Libertyville and Leyden tackles Bensenville again at Elmhurst next Wednesday.

11 Records Last Year

Last year the Palatine-Antioch game set the season's scoring record when the Pirates accumulated 58 points. This year the game at Antioch also was top for the season with a count of 54-17 for Palatine. Last season's game set about 11 records for the year in the conference. This

Palatine, Barrington In First Night's Contests At District Tournament

Meet Opens Tuesday at Crystal Lake; Arlington Plays Richmond Wednesday Night

Palatine and Barrington will be the first Northwest Conference teams to get into district tournament competition when they meet Hampshire and Woodstock in the initial round at Crystal Lake Tuesday evening. Both are rated a much better than even chance to come through. If such is the case the Pirates would meet the winner of the Harvard-Plato Center tilt and Barrington the victor in the Crystal Lake-Huntley battle.

Arlington Heights, the third loop team to compete at Crystal Lake, meets the same opponent as last year in Richmond. The Cardinals' game is scheduled for Wednesday night. Should the Cardinals win their second opponent would be the tourney favorite El-

Crystal Lake Games

- Tuesday, March 5.**
 1-Plato Center vs. Harvard, 6 p. m.
 2-Barrington vs. Woodstock, 7 p. m.
 3-Hampshire vs. Palatine, 8 p. m.
 4-Crystal Lake vs. Huntley, 9 p. m.
- Wednesday, March 6.**
 5-Hebron vs. McHenry, 7 p. m.
 6-Richmond vs. Arlington Heights, 8 p. m.
 7-Winners (4) and (2), 9 p. m.
- Thursday, March 7.**
 8-Elgin vs. Winner (6), 7 p. m.
 9-Winners (3) and (1), 8 p. m.
 10-Dundee vs. Winner (5), 9 p. m.
- Friday, March 8.**
 11-Winners (7) and (8), 7:30 p. m.
 12-Winners (9) and (10), 8:30 p. m.
- Saturday, March 9.**
 13-Losers (11) and (12), 7:30 for third place.
 14-Winners (11) and (12), 8:30 for championship.

This year all tournament games are being played at night. Because of this the meet opens one day early. Admission to the finals on Saturday will be 50 cents, but 35 cents is the charge for all other sessions.

Elgin Is Favorite
 The favorite of the tournament appears to be Elgin. The Maroons won 15 successive games, but the loss of a couple of stars at the end of the first semester has weakened the team to the extent of losing the Big Six crown. Graf, a star left hand scorer and Hughes, a rangy center, lead a good Elgin team which is not likely to be upset as it was last year.

Dundee, district champion in 1934, is not as strong as a year ago, but with a first round bye in a different bracket than Elgin, stands a fair chance of repeating. Dundee placed third in the Little Six with an even break in 12 games. Batavia was the loop winner with 11 successive victories.

Last Friday, in a game with St. Charles which they won 40 to 36 in an overtime, Dundee sank 20 free throws. Adams, the only remaining veteran, at center and Schuett and Zamecnik at forwards appear to be outstanding.

Hebron Strong Too
 Hebron is rated very strong this year and may take the place of Huntley as the surprise of the tournament. Hebron won the McHenry county tournament and has a long string of victories. Crystal Lake and Harvard are rated strong and the fact that they are about on a par is shown in the 35 to 33 victory of the Lakers when the two met last week.

Barrington and Palatine are two other teams which will bear watching and will probably go farther than most of the experts expect. The fact that both finalists go to the sectional tournament is an added incentive and it would not be surprising if one of these teams gained the coveted honor.

Tournament officials are Otto Kuehn and Ray E. Quant, both of Chicago and unknown in the Northwest Conference.

Warren meets Wauconda in a first round game at the Libertyville tourney while Leyden and Bensenville clash Wednesday evening at Elmhurst. Leyden, a victor over Bensenville three times this year, is expected to win and meet Riverside in the second round.

year the game was not without its unusual angles.

In the first place Palatine made the best percentage of shots recorded in the conference when they sank 25 field goals in a total of 51 shots. The 25 field goals was also the high in that department for a single game.

Reuse Tops Scorers

Capt. Reuse scored 19 points for Palatine with four or more in every quarter to raise his total for 11 conference games to 124, the best in the loop by quite a margin.

Antioch had the distinction of having fouls called on but two men and their total of 6 were all assessed to Steffenberg and Bishop, the former retiring on 4 personals early in the second period. Antioch also had a record of making but 3 out of 15 free throws.

Some Scoring Streak

Another possible record was for long string of points. With the score 15 to 9 in the second quarter Palatine ran their count up to 46 or dropped in a total of

Kenneth Zimmerman of Warren, (right) and Leroy Pflug of Wauconda, (left), are two of the leading scorers of the Northwest Conference despite the low position of their teams in the standing. Pflug has 104 points and Zimmerman 86.

Pflug scored 22 points last Friday night as his team beat Arlington 34 to 22 for the second time this season. Zimmerman scored 16 points the same night against Barrington and set a new conference record with 14 points in the final quarter as his team made a valiant effort to overcome a big Broncho lead. Zimmerman's best night was when he almost single handedly defeated Bensenville with 21 points.

Tonight Pflug leads his team in the final of the season against Antioch while Capt. Zimmerman completes a brilliant four-year career on court and gridiron in the final game with Arlington.

PIRATES BACK AFTER SLUMP TRIM ANTIOCH

Indians Take 54-17 Walloping from Palatine; Papooses Win 20-18.

Palatine definitely demonstrated at Antioch Friday that they are on the upgrade from a mid-season slump when they walloped the Indians 54-17 for the most decisive victory recorded in the heavyweight division this season. The first 10 minutes was the only period in which Antioch showed any semblance of giving the Pirates a ball game.

The Little Pirates dropped their fourth of the season 20-18 when they failed to count a single field goal in the last half in 25 shots after showing the way to the Papooses in the early stages of the game.

Capt. Reuse, who scored at least four points in every period, set a fast scoring pace for his mates with 19 points. Hahnfeldt hit the loop six times from the field and Mangels contributed 11 points. The Pirates were in the best shooting mood of the year with 25 goals in 51 attempts.

Palatine took a 15 to 5 lead in the first quarter, but Bishop and Steffenberg scored goals to make the count 15 to 9 at the end of 10 minutes. Then the Pirates went wild and ran their count to 23 to 9 at the half and continued the rampage in the last half until they had the score 46 to 10 early in the last period. At this point Megel substituted a new team which outscored the Indians the rest of the way.

Arlington Aces Play Colored Teams Tonight

A challenge to play two Waukegan colored teams has been accepted by the Arlington Aces basketball team who will meet their challengers at 7:45 o'clock tonight in the Arlington Heights high school gym. Two games will be played, both the Blue Aces and White Aces meeting visiting teams.

31 points while Antioch was scoring a single free throw. This 31-1 count was in a period of 16 minutes or just half the game.

Mess, a member of the reserves who had difficulty hitting the basket in the closing minutes of the lightweight defeat, scored three baskets in as many shots when substituted in the Pirate heavy-weight lineup. Palatine was running a high temperature with a bad case of field goals fever.

Leroy Pflug of Wauconda, (left), and Kenneth Zimmerman of Warren, (right), are two of the leading scorers of the Northwest Conference despite the low position of their teams in the standing. Pflug has 104 points and Zimmerman 86.

Pflug scored 22 points last Friday night as his team beat Arlington 34 to 22 for the second time this season. Zimmerman scored 16 points the same night against Barrington and set a new conference record with 14 points in the final quarter as his team made a valiant effort to overcome a big Broncho lead. Zimmerman's best night was when he almost single handedly defeated Bensenville with 21 points.

Tonight Pflug leads his team in the final of the season against Antioch while Capt. Zimmerman completes a brilliant four-year career on court and gridiron in the final game with Arlington.

BRONCOS CLINCH SECOND TITLE DOWN WARREN

35-25 Victory Assures Championship to Barrington; Warren Comeback Good.

Barrington clinched their second conference cage championship in a row by defeating Warren Friday night 35 to 25. The Broncos could do no worse than tie for first place should they lose tonight at Palatine. The Broncho lights won 30 to 22 to maintain third place. The games were the final of the season on the Barrington court.

Barrington had an easy time in the heavyweight game as they recorded leads of 12-4, 25-6 and 32-8 at the quarter intervals. In the last period Zimmerman, great star of the Warren team, put on a one man show and ran wild for 14 points in eight minutes. The visitors outscored the Broncos 17-3 in the final period to bring the count to respectable proportions.

Latta, star center, who scored 16 points the previous week, was not on the Broncho squad. Mollenkamp jumped center and Conn played the pivot line. The latter made seven straight free throws. Barrington's scoring was evenly divided with Grabenkort 10, Conn 9 and Eters 8. Zimmerman's best points moved him among the conference scoring leaders with 86 points.

The Barrington Colts had hard sledding until the final period when they hit from all angles after trailing 17 to 16 at the half. The scoring was paced by Hager with 10, Klofstein with 8 and Anderson with 6 points. Phillips and Rosene were high for Warren. Barrington was charged with 22 fouls.

 "THE GOOD FAIRY"

Norman Nehmer, star guard of the Elia cagers, is one of the best players in the conference this year. This lad has scored 76 points to rank eighth in the loop in individual scoring. His defensive work and floor play have won praise from all who have seen him perform on the hardwood this season.

Libertyville crushed two Bensenville teams under overwhelming scores Friday night in the Wildcat lair. The heavies piled up a 46-18 margin while the championship-bound Kittens won their tenth victory 40-8.

Worthen's sensational shooting set the pace for Martin's regulars as they piled up a half time lead of 22 to 12, which they increased to 40-16 in the third period. Worthen contributed 14 points, but Sticks, Brown, Jaeger, Madden, and Isaacson each scored two or more field goals.

Not content with a lead of 18-5 at the intermission, the Libertyville lights handed Bensenville a second half drubbing of 22-3 for the worst beating of the season, a count of 40-8.

The lightweight game was featured by the passing and floor work of Harlan, Murphy and Dishinger scored 10 and 8 points, respectively for the winners.

Famous For Marvelous Sound

ARLINGTON THEATRE

— YOUR EYES & YOUR EARS —

They are your very best friends. Considerate people do not assail sensitive ear drums with discordant noises, nor do they subject the eyes to unnecessary strain. You experience neither of these conditions when you see and hear a "movie" at the Arlington. Our sound and projection

The SNAPSHOT GUILD

USE THE FINDER

At what is the girl pointing? ... Why? ... What of it? A good picture, but uninteresting because it tells no story and fails to explain itself. There is no question, however, about the snapshot of the hunter. It tells a complete story. Its composition is successful.

LISTEN in on any snapshooting beginner as he goes over a fresh batch of prints:

"Boy, look at that! Got that string of trout swell. But say—Bill's head is out of the picture! Now how did I manage to do a crazy thing like that?"

The answer is very simple. The lad taking the picture failed to use the view-finder when he made the shot. He probably saw that the string of fish was in view, but he quite overlooked the fact that the proudly grinning Bill was neatly decapitated.

Most modern cameras have two kinds of view-finders. First, of course, is the familiar reflecting finder—the kind into which you peer from above. Properly shaded, it will give you an accurate idea of what each shot includes. Then there is the "direct" view-finder, mounted on the top or side of the camera. In using it you hold the camera at eye-level and sight through two rectangular openings. What you see, the camera will get.

With either or both of these finders there is really little reason for failing to get what you want in a picture. Of course, there are limits, defined by the size and shape of the film and the capacity of the lens. You have to select the most interesting bits of a scene and concentrate on them.

When an artist does this, he "composes" his picture. Many volumes have been written on the subject of composition, but the whole idea may be boiled down to this: A good composition is simply a pleasing arrangement of the elements of a picture, an arrangement that puts the emphasis on the most interesting feature.

A little care in using your view-finder will, almost invariably, give you a well-composed picture. For your eye will reject an arrangement that is confusing or displeasing; it will warn you that somebody's head is going to be lopped off; it will reveal whether or not the finished picture will tell a story—the story you had in mind when you unlimbered the camera.

For "telling a story" is the essence of a good picture. The Chinese have a proverb, "One picture is worth ten thousand words." But the proverb applies only to good pictures.

Many a professional photographer spends hours studying the "view-finder" of his camera before he makes a single shot. His success in business depends on his presenting vivid story-telling pictures. In our snapshooting we have no such weighty considerations. We have only ourselves and a few friends to please. But we can increase that pleasure vastly by pausing, just before we click the shutter, to check up our picture in the view-finder. If it's what we want—fire away! And, when the finished pictures come back, we shall certainly not begrudge those few seconds of concentration on the view-finder.

JOHN VAN GUILDER.

Slow Pulse Good Sign
A slow pulse is usually considered by the life insurance companies to be a sign of long life. This is, of course, provided it is not too slow—that is, below 60. It is one of the old rules of thumb that pulses of 60 and thereabouts run in families, and are linked with a tendency to long life.

The Name "Erin"
Ireland got the name of Erin from Queen Eri, wife of Carmody, a monarch of the dim past. She is buried under the stone known as All-Na-Meevan, in a suburb of Dublin called Uisceach. It antedates the halls of Tara by centuries.

Mexico City Beautiful
Mexico's capital, Mexico City, ranks justly as one of the most beautiful cities in the world. Seven thousand five hundred feet up in the air, it is guarded by two of the world's most spectacular volcanoes—Popocatepetl (the smoke mountain) and Iztacchuatl (the sleeping woman).

Fog and Steam Usual Diet
Living on top of the only geysers on earth which have been harvested to industry, residents of Lardello, Italy, accept fog and steam as such an inevitable feature of existence that children play games around the smaller craters.

Novel Launching for This Country

A vessel built at Cleveland with PWA funds goes out to sea—in a novel method for American ship yards. The vessel is seen hitting the waters of Lake Erie, sideways, instead of the orthodox method of sliding down the ways stern first. It is the 165-foot Coast Guard cutter Tahoma, now assigned to duty on Lake Erie. Shortly after the launching the Tahoma effected the rescue of a motor ship valued at \$300,000.

A MIRACLE

By ANNE CAMPBELL

I SAW a miracle from my own door.
Spreading its glamour on my patch of sky,
Giving me hope and bringing me once more
A dream that I supposed had passed me by.

After the rain, the darkness, and the fear,
After the lightning's flash, and the tempest's moan,
That rainbow seemed to shine for me alone!

It was as if God's finger wrote for me,
Who am so seldom far from my home place:
"Beauty will find you, and felicity,
And after suffering, the rainbow's grace."

MONDAY MORNING

TAKE it any way you look at it Monday morning is a bad time for the children. The week-end broke their routine. Their bodies have been forced to adjust themselves to another rhythm and that always makes children, and grown people, irritable. They don't mean to be bad tempered, they just are, and cannot help it. When your whole body is grumbling your mind cannot maintain a sweet and strong attitude. That would be too much to ask even of one's mind.

Things are always lost on Monday morning. The brief case that John left "right there," cannot be found. The belt of Janet's dress which she knows she fastened to the dress the very last thing Friday afternoon, has vanished.

The schoolroom fares no better. Indeed it fares worse. The children arrive in various degrees of distress. They got up late, the breakfast wasn't right, the milkman hadn't come. The teacher feels dull, tired, weighted down with the cares of the ages. Monday morning isn't the happiest time imaginable for any of us. It takes a long time to get by it and that means so much time wasted. What is to be done about it?

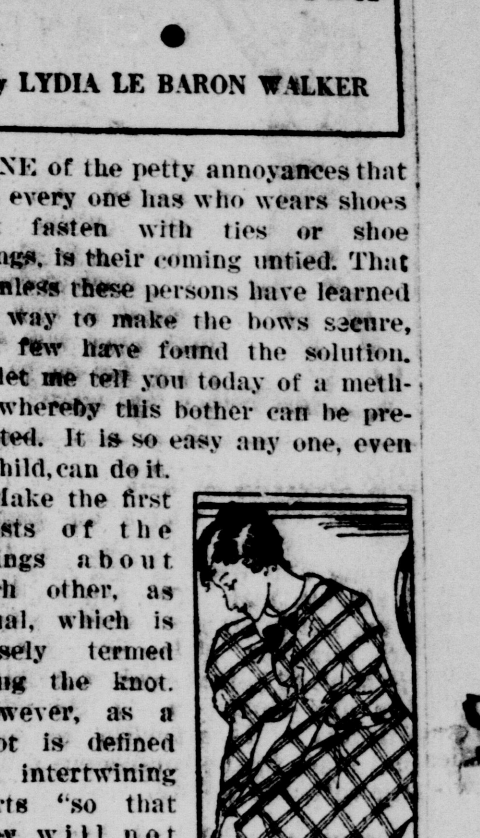

For one thing, don't begin Saturday until Friday is nearly completed. Too many children think Saturday begins Friday noon. Keep them to their schedule. All lessons are to be completed Friday afternoon and no excuse for leaving them until the week-end is to be allowed. That means that mother will be saved hunting for a fountain pen and a sheet of note paper on which to write an excuse to the teacher on Monday morning.

All school clothes, books, whatever has to do with school on Monday morning is to be laid waiting and ready before going to bed on Friday night, exactly as it would be if it were Thursday night. That means that mother won't have to hunt for somebody's shoe, belt, hat, and whatnot.

When things have been arranged for school on Monday morning let the week-end have its way. Children need to break routine as well as to maintain it. Let the children rest and play, secure in the knowledge that they are ready for Monday morning. We won't have a hundred per cent perfection but we will save a lot of trouble and time. We can get the school work well started by Monday afternoon instead of Tuesday. And we can maintain some sort of peace and order in the household over the week-end.

The Household

By LYDIA LE BARON WALKER

ONE of the petty annoyances that every one has who wears shoes that fasten with ties or shoe strings, is their coming untied. That is unless these persons have learned the way to make the bows secure, and few have found the solution. So let me tell you today of a method whereby this bother can be prevented. It is so easy any one, even a child, can do it.

Make the first twist of the strings about each other, as usual, which is loosely termed tying the knot. However, as a knot is defined as intertwining parts "so that they will not slip," the use is scarcely correct. But we will understand what is meant whether we signify this crossing of shoe strings (one over and one under the other) as tying them together or knotting them.

Make a loop of one of the ends close to this tying as usual and proceed to loop the other end about it exactly as you do when tying a bow. But, instead of making the second loop immediately, draw the whole length of the string or ribbon through and proceed to make the second loop, which this time is actually formed into the loop of the bow. Draw tight as is customary. This bow will not come undone or work out.

Make Bow Straight.
It is easy to understand that when the strain and rub come on the bow, the knot beneath, instead of working loose, tightens. We now have a real dictionary type of knot for it "will not slip." This is no theory, but a practical working plan, one I have used for many years and found absolutely successful.

While the first requisite of a tied shoe lace is that it remains tied, the second is that the bow comes straight across the front of the shoe without twisting. How you do this depends on how you make the first tying, and the direction of the ends, which must follow their natural tendency or the bow will be askew. A little careful watching and experimenting will be all that will be needed to perfect the tying of the bow. When knot is tight and bow straight, both comfort and good looks are well met.

Scenes and Persons in the Current News

1—Mr. and Mrs. Oliva Dionne, parents of the quintuplets, visit Chicago. 2—Admiral Cary T. Grayson, new head of the Red Cross. 3—Scene on a plantation near Grapeland, Texas, where a tornado killed ten persons.

Giant Airship Macon Sinks in Pacific

The United States navy airship Macon, which met with disaster, plunging into the Pacific ocean 110 miles south of San Francisco. Eighty-one of its crew of eighty-three were rescued. An explosion is believed to have sent the giant dirigible to its doom.

Mother's Cook Book

DAINTY DISHES

SOME time when entertaining one's friends at a dinner try this method of serving sweet potato:

Orange Sweet Potato.
Cook the sweet potatoes in their skins, peel, mash and season with butter, salt and white pepper. Prepare the halves of oranges that have been squeezed of their juice, by removing all the white inner lining of the skins. Fill them with the seasoned potato and about twenty minutes before serving time place them in the oven to become hot; a small piece of marshmallow may be placed on top to brown or a sprig of parsley used on top for a garnish when serving.

Coconut Drops.
Grate a fresh coconut and add to it half its weight in sugar, stir until well mixed, then add one beaten egg white and drop on buttered tin and bake in a slow oven until brown.

Oyster Soup.
Add four tablespoonsful of quick cooking tapioca to a quart of rich milk, two tablespoonsful of salt, and cook until the tapioca is clear, stirring often and cooking in a double boiler. Add one cupful of oysters and the oyster liquor, a dash of cayenne and paprika and four tablespoonsful of butter. Serve when the oysters are curled.

Ozark Soup.
Cover a fresh soup bone with cold water and simmer until the meat is tender, adding salt toward the end of the cooking. Strain the broth and to one quart of the broth add one medium-sized potato cut into dice, and one-half cupful of washed rice. Let cook until tender, then add one can of tomatoes, bring to the boiling point, add a tablespoonful of flour mixed with one cupful of sweet cream, boil five minutes, add seasoning of salt and pepper and serve. For further flavor add one teaspoonful of sugar, a little chopped celery, a pinch of curry powder and a bit of mace with a few dashes of cayenne pepper.

© Western Newspaper Union.

HEADS WOMEN'S CLUB

Mrs. William M. Whittington, wife of the representative from Mississippi, has been elected president of the Congressional club, an organization exclusively for wives of senators and representatives.

MAXIE CUTS SOME ICE

Unpainted furniture, now available in astonishingly varied and attractive styles, may be left in natural finish and a few touches of color added. After lightly varnishing the surface and then rubbing it down with powdered pumice stone to get a wax-like gloss, the handles of chests or drawers, the tops of tables or the edges of bedsteads may be enameled in a bright color, such as blue, coral or Nile green.

GIRLICAGS

"It seems now that the automobile has been developed to a point," says flivvering Flo, "where the motor acts quicker than the driver's brain."

WNU Service.

Bears Eat Insects
Most bears include insects in their diet.

Pink Grass in South Africa
A pinkish grass covers all the lawns in one section of South Africa.

Snow Plows Liberate Stalled Trains

FOUR rotary snow plows were at work on Cumbres Pass, Colo., 10,015 feet above sea level, clearing the way for three Denver and Rio Grande Western trains barricaded by immense snow drifts. Eighteen passengers were marooned in the cars. High biting winds, icy tracks, steep grades, all made it exceptionally difficult to clear the way. It took 72 hours to liberate the trains.

WOMAN SHARPSHOOTER

Mrs. Granville Worrell, chairman of the Merion Gun club, Pa., practices at the traps of the Castle Harbour Gun club in Bermuda, where she is getting into shape for the first international skeet championships.

Right in the Swim

Frauline Maxie Herber, who is only fifteen, has again won the women's fancy ice skating championship of Germany, at an Alpine winter sports title meet was held. Maxie and other winners of the reich meet have been invited to come to the United States.

Bagpipes Known to Ancients
Bagpipes were known in ancient Egypt, Chaldea and Persia, says a Scotch historian, and were introduced into Scotland by the Romans.

"Guinea Pig" Plant Gains Fast
Kalanchoe Dingenoutiana, "guinea pig" of the plant kingdom, is the fastest multiplying plant. Each season it puts out 2,500 new growths.

Unpainted Furniture

Unpainted furniture, now available in astonishingly varied and attractive styles, may be left in natural finish and a few touches of color added. After lightly varnishing the surface and then rubbing it down with powdered pumice stone to get a wax-like gloss, the handles of chests or drawers, the tops of tables or the edges of bedsteads may be enameled in a bright color, such as blue, coral or Nile green.

Lacquering New Wood
If new wood is to be lacquered, a wood filler is required to secure a finish that is entirely smooth. The filler is applied in the usual manner, being brushed on, the excess wiped off, the surface allowed to dry. Lacquer is applied with a soft hair brush and "flowed" on rather than stroked back and forth. It should smooth itself out and never be gone over a second time if it is possible to avoid it.

Knockers and Doorknobs
Brass knockers and doorknobs that are exposed to the weather will stay clean and bright longer if rubbed with paraffin with a soft dry cloth.

DO YOU KNOW ILLINOIS?

By EDWARD J. HUGHES
Secretary of State

The Secretary of State of Illinois is the State Librarian ex-officio. The State Library and Archives Division under his jurisdiction contains much information concerning your State. Any questions which are of particular interest to readers and which are not covered in this series will be answered immediately. Address all communications to: Edward J. Hughes, Secretary of State, Public Information Department, Capitol, Springfield, Illinois.

Q. What requirements must be observed in order that one may practice law in Illinois?

A. Attorneys are licensed by the Supreme Court. An applicant must have completed two years of study at a recognized college or university, have graduated from an approved law school, have passed the bar examination, and must present certificate of good character signed by two practicing attorneys.

Q. What professions are licensed by the state and by what departments?

A. The Supreme Court licenses attorneys. The Department of Registration and Education licenses physicians, osteopaths, midwives, dentists, chiropractors, optometrists, registered nurses, architects, barbers, beauticians, embalmers, horse shoers, pharmacists, veterinarians, structural engineers, public ac-

Seed Wheat and Seed Oats

We are expecting a carload of Montana Swedish Seed Oats and Marquis type Seed Wheat. Both grains are northern grown, and will, therefore, grow better in this territory than grain grown south of here.

We have samples on display at our office. As this grain is selling at a very attractive price, the orders are coming in rapidly.

Book your order early to avoid disappointment.

ARLINGTON HEIGHTS SPECIAL ASSESSMENT NO. 92

STATE OF ILLINOIS, COUNTY OF COOK—SS.

In the County Court of Cook County

IN THE MATTER OF THE PETITION OF THE VILLAGE OF ARLINGTON HEIGHTS FOR THE SPECIAL ASSESSMENT OF THE COST OF CONSTRUCTING A CONNECTED SYSTEM OF STREET PAVEMENT IN SOUTH CHESTNUT AVENUE AND OTHER STREETS AND AVENUES.

IN RE THE MATTER OF PETITION FOR THE EXTENSION OF THE TIME OF PAYMENT OF ASSESSMENTS AND THE REFUNDING OF BONDS.

NOTICE is hereby given that pursuant to a petition filed by the owner and holder of all the outstanding bonds issued in anticipation of the collection of the special assessment levied in the above entitled cause with the President and Board of Trustees of the Village of Arlington Heights, asking that the payment of such assessment be extended and the outstanding bonds be refunded, and pursuant to an ordinance passed and approved by the President and Board of Trustees of said Village, providing for such extension of the time of payment of said assessment and the refunding of such bonds, all as provided for by Section 86a of an act entitled: "An Act Concerning Local Improvements," approved June 14, 1897, as amended, the said Village of Arlington Heights did, on the 19th day of February, 1935, file a petition in the Office of the Clerk of the County Court of Cook County, praying that the unpaid special assessment and installments thereof heretofore levied and confirmed in the above entitled cause, be extended, and that the unpaid and outstanding bonds issued in anticipation of the collection of said assessment, and the accrued interest on said bonds be refunded; that the amount of assessments proposed to be refunded is the sum of \$66,331.21, being the remaining unpaid installments of said assessment levied against the several pieces of property described in the assessment roll, and accrued interest thereon amounting to \$19,551.91; that the number of installments in which said assessment is presently payable is ten annual installments; that the number of installments in which it is proposed to make the same payable is nineteen; that the amount of securities proposed to be refunded is the principal sum of \$68,100 and past due and accrued interest thereon, amounting to \$9,384.00, making a total of \$77,484; that the amount of the refunding securities is proposed to be said sum of \$77,484.

NOTICE is further given that the hearing on said petition has been set in the County Court of Cook County for March 12, 1935, at the hour of 10:00 o'clock A. M., or as soon thereafter as the business of the court will permit; to which time and place the Court will hear objections to such petition.

MICHAEL J. FLYNN, Clerk of the County Court of Cook County.

H. J. THAL, of Arlington Heights, Ill. (3-1 Attorney for Petitioner, Village

Cantor Frances Among Pyramids

"Kid Millions," Eddie Cantor's fifth annual screen musical extravaganza for Samuel Goldwyn, brings the pop-eyed comedian to the screen of the Des Plaines Theatre, as a boy Cinderella of the Brooklyn waterfront who becomes the heir to a fortune in buried treasure in the land of the Pyramids. Anna Sothern, Ethel Merman, Rock and Sully, George Murphy and this season's crop of Goldwyn Girls prance along the Nile with Eddie in this fast-paced, fun-packed tangle of adventure in the barem of the Sheik and the tombs of his fathers. The story and dialogue were written by Arthur Sheekman, Nat Perrin and Nunnally Johnson, while Walter Donaldson and Gus Kahn, Burton Lane and Harold Adamson contributed the tuneful song numbers. "Mandy," the Irving Berlin hit which Eddie Cantor originally introduced in the Ziegfeld Follies of 1919, is revived in one of the elaborate song and girl numbers staged aboard the liner en route to Egypt. Roy Del Ruth directed the film, and the dances and ensembles were under the direction of Seymour Felix. The elaborate "ice cream fantasy" a poor boy's dream come true in which Eddie, the millionaire, opens a free ice cream factory for boys and girls, is filmed entirely in Technicolor under the direction of Willy Pogany and photographed by Ray Rennahan. "Kid Millions" is released through United Artists.

American Legion Auxiliary News

The American Legion Auxiliary Unit 525, met at the home of Mrs. Inge Besander, Monday, Feb. 25. Mrs. C. Cochran, of Wilmette, Fidac chairman for Cook county council, American Legion auxiliary was the guest speaker. Her subject, Americanism in the schools, was most interesting and enlightening. The Unit will look forward to another visit from Mrs. Cochran.

It is with regret that the trip to the Ed. Hines, Jr. hospital for Tuesday, Feb. 26, was postponed. However, the trip will be made in the near future, and notice given in ample time for arrangements. Mrs. Chas. Verret, president, and Mrs. Geo. Cunningham, rehabilitation chairman, with five other members from the local unit attended the card party given by the Ninth district for the veterans at the Hines hospital, Thursday evening.

Mrs. A. Pierce was elected first vice president, and duly installed Monday evening. Mrs. Pierce will replace Mrs. Alice Frater, who has moved to Chicago. At the conclusion of the meeting, Mrs. Besander, hostess, served a variety of most delicious refreshments to which everyone present did justice.

Junior Auxiliary News
The regular monthly meeting of the Junior Auxiliary of the American Legion of Mt. Prospect was held Friday, Feb. 22, in the public school. The meeting was a "model one," conducted with ritual, snappy and businesslike. Mothers and fathers of the Juniors were entertained following the meeting with a Washington's birthday program of songs, recitations and dancing by the Juniors. Delicious refreshments were served at the end of the program. Mrs. G. Price, Junior Advisor.

V. F. W. Auxiliary

The regular business meeting of the Ladies' Auxiliary to Prospect Post No. 1337, Veterans of Foreign Wars, will be held Friday, March 1, 1935, at the home of Mrs. E. Sporleder at 8 p. m. sharp. You will want to attend the President dance given by the Ladies' Auxiliary Saturday, March 2, at the V. F. W. club house for relief benefits. Tickets are 25 cents which includes a door prize. Refreshments will be on hand and your wardrobe attended to. Everyone should purchase a ticket as all proceeds are used exclusively for the relief of the unfortunate. You will want to help. Be sure to attend this meeting as it will be most interesting. Our sympathy is extended to the Des Plaines Post, who were unfortunate in losing another member by death. Comrade Dorsey was killed Saturday evening when crossing the North Western tracks in Des Plaines.

Boy Scouts

Twenty-two boys attended the meeting February 26. The troop's first aid teams held another contest Tuesday night and made very good averages. After the business part of the meeting was over, six more boys put on the gloves and went to it. In the first Alfred Soenksen and Irwin O'Quist fought. In the second Bob Carl and George Jones. In the final, Herman Tues and Stan Jorstad. All were very evenly fought. The officers held a meeting to plan the coming year and its appears to be an interesting year.

Masonic Club Notice

The Mount Prospect Masonic club will hold its regular monthly meeting in the public school basement on Friday, March 8, at 8:15 p. m. All Masons residing in the community are cordially invited to attend.

Losing Weight
The public health service says that a person loses weight during exercise. This is brought about by the passing off of water through the skin in the form of perspiration and also by the general using up of energy in the body tissues.

Parent-Teachers To Meet Thurs. Night, Feb. 28

The Parent-Teachers' association of the public school will hold a meeting of special interest on Thursday evening, February 28, at 8:00 p. m., which is the date of the regular monthly meeting of the association. At this meeting the association will be celebrated, with appropriate ceremonies. Mrs. Avery will give a talk on the history of the P. T. A., and a special entertainment feature will be a program of recital numbers by Mrs. Wright of Park Ridge. Due to the nature of the meeting, a special invitation is extended to all parents of school children, with extra note to all members to be there, and encourage friends and neighbors to make the meeting one worthy of the occasion.

Health Notice

Three cases of measles have been reported in the village. All parents are requested to keep children with running noses or sore throats at home for three or four days to make sure that the child affected does not have the measles. If measles do break out in the family, the state law says that the children of the family who are not immune should be kept at home for fourteen days, the period of incubation of the measles germ. By proper co-operation and care an epidemic in the village will be avoided.

Dr. Wolfarth, Chairman, Board of Health.

Women's Club News

Mrs. Harry Quaintance, welfare chairman and Mrs. F. E. Thornton, law observance chairman of the seventh district, will discuss various phases of their work at the regular meeting of the Mount Prospect Women's club to be held next Tuesday afternoon. The meeting will start promptly at 2 p. m. in the V. F. W. club house on Elmhurst road. An additional feature of the program will be a group of readings by Miss Marjorie Wolf.

Mt. Prospect Infant Welfare

Infant Welfare was held on Thursday, Feb. 21, at the village hall. There were 29 babies there to be examined by the doctor and nurse. There were eight new babies, Joyce Ellen and James Carl Bader of Des Plaines; Carole Jean Mulso, Albert Glenn Juhnke, and Marlene Dorothy Scheiner of Mt. Prospect. Mrs. Susie S. Sundeen, nurse in charge of Crane Farm, Wheeling, brought four babies, Helmut Zweig, John and Lorraine McNeil and Roland Moore. There was one visitor, Mrs. Schott. The nurse, Miss Jackson was so happy to see so many babies out and she hopes they will come every time. Next Infant Welfare, the 21st of March.

MOUNT PROSPECT

Mr. and Mrs. L. W. Tuttle entertained their bridge club last Saturday evening.

The O. E. S. club met at the home of Mrs. Charles Pankonin on Main street on Tuesday evening.

Thursday Mrs. P. Mayo entertained her "500" club at a Washington birthday luncheon. The table displayed colors of red, white and blue and a delicious luncheon was served. Mrs. H. Schufft won high honors at cards.

Miss Henrietta Klehm of Arlington Heights, was entertained at dinner on Friday at the home of Mr. and Mrs. E. T. Wolf.

Mr. and Mrs. Carlson, who have been spending the past few weeks at the home of their son, Mr. Arvid G. Carlson, left Wednesday for their home in northern Wisconsin.

The J. W. Manz family has moved to 520 Wa Pella from Des Plaines.

Al Haas has moved to 111 S. Main street.

Fred Busse of the Busse-Bierman Hardware company has a very interesting trip through the plant of the Pittsburgh Paint company at Milwaukee, last Friday. The Busse-Bierman Hardware has made arrangements to handle the products of the paint company and this was in the nature of a get-acquainted trip. The trip occupied practically the whole day, and the officials exerted every effort to make the visit an enjoyable and instructive one.

Mr. and Mrs. Walter Johnson of Central road and Kenilworth in Picks subdivision, are the proud parents of a 10 pound boy born Monday at 11:15 in the morning. The new resident was welcomed at the Johnson home under the care of Dr. Wolfarth.

Miss Florence Proctor of Arlington Heights, was the victim of an accident on Monday. In running around the rear of a North Western train at the village station, she slipped and sprained her ankle. She was taken to the Mt. Prospect hospital where her injury was treated.

While roller skating last Saturday afternoon Bobbie Wille, son of Al Wille, fell and broke his right arm just above the wrist. He is reported to be getting along very well.

Mr. and Mrs. W. Mueller and family visited Mr. F. Mueller and daughter, Alice, on Sunday.

The following members of the Mt. Prospect American Legion Auxiliary helped at the card party at Edward Hines hospital on Thursday evening. Mrs. J. Bernhard, Mrs. Florence Luckner, Miss Myrtle Frey, Mrs. Chas. Verret, Mrs. V. Winn, Mrs. G. N. Cunningham and Mrs. Lahtinen and Mrs. S. Kent of Des Plaines unit.

Mr. and Mrs. H. E. Frey and daughter, Phyllis, spent Friday at the P. H. Frey home.

Mrs. R. Gray, a former resident of Mt. Prospect, spent Thursday in

Mr. and Mrs. J. Bernhard, Mr. Robert, George Jones and Mr. S. Kent, attended the Ninth District Americanism meeting in Chicago on Friday.

Mrs. Chas. Pankonin entertained her card club on Thursday afternoon.

Mrs. P. H. Frey and Mrs. E. M. Luckner spent Thursday in Irving Park visiting friends.

Mr. and Mrs. L. Tuttle entertained their card club on Saturday evening.

Mr. and Mrs. R. Schirmer and son, Chester, and Mrs. Wm. Schirmer were callers at the P. H. Frey home on Saturday.

Cub Scout Meeting

The Cub Scouts will meet on Friday, March 1, at the public school, at 7 p. m. All Cubs are urged to be present as Patrol leaders will be selected and other important things will be discussed. Parents are asked to note that the Cub Scout meetings will be closed at 8:30 in the future instead of at 8:15 as in the past.

The American Luther League Rally Day

The American Luther League Rally day, Sunday, March 3 at St. Paul's school. The program of activities begins at 3 p. m. The first event is an operetta entitled "Pandora" given by grades 3 to 8 of St. Paul's school. This will be followed by entertaining numbers staged by grades one and two. During intermissions, piano selections will be rendered by pupils of the school. The ladies will then provide sandwiches, cake and coffee at a nominal price.

The evening will be spent with educational and entertaining moving pictures. These are scheduled to begin at 7 p. m. There will be no admission charge either afternoon or evening. A collection will be lifted to defray expenses and provide funds for the school library and other equipment. All our friends are invited to come for the afternoon, and stay for the evening.

St. Paul's Lutheran Church

Divine services Sunday, March 3:
English, 9:15.
German, 10:30.
Church dedication Sunday.

A. L. L. rally Sunday, March 3. Children's presentation of Pandora in the afternoon; supper. Moving pictures in the evening, all are welcome.

Lenten services Wednesday, March 6, German at 7 p. m., English at 8:15.
Come to these services and meditate again on the great love of your Savior!

Baumhardt Bros. Motor Sales

With Modern Garage and Salesroom at 5844 Lincoln Ave. Morton Grove, authorized distributors for Dodge and Plymouth Cars. General Automotive Service. Phone Morton Grove 1615.

Take a tip, if you are in the market for a new car call Baumhardt Bros. Motor Sales and ask for a demonstration of the late model Dodge or Plymouth. Take the wheel and drive it. Note the comfort, ease, the power and getaway and the fineness of these new cars. You'll like them and you are sure to be glad you can purchase a car from a firm which has the reputation of honesty and fairness as is enjoyed by Baumhardt Bros. Motor Sales of Morton Grove.

The new Plymouth cars are meeting instant favor with the public. They are truly outstanding cars in style and operating features, that have made a Plymouth so popular for years. Plymouth is a Plymouth product, which is sufficient proof of its dependability and value.

The new Chrysler cars are also a sensation of the automotive world. Dodge cars are too well known to need a great deal of comment.

Niles Center Home Laundry

With a Modern Plant in Niles Center at 8138 Floral Ave, does an Extensive Business throughout the entire community. Complete Laundry Service from wet wash to finished work. Phones Niles Center 152, Park Ridge 1190, or Des Plaines 585. Arlington Heights 514, Palatine 202-J, Barrington 536. A Truck will call Promptly.

Laundering clothes at this laundry is not only taking the dirt out, but it is turning out clean, smooth linens which one would be pleased to wear. Modern machinery and sanitary methods are necessary to this wash comfort into clothes, and this in a large measure accounts for the much of their popularity for the Niles Center Home Laundry is one of the best equipped and modern in this part of the county. They transact business all over this and the surrounding communities and their reputation for general excellence has spread far and wide. The work is turned in such a manner that you will be more than pleased if you will give them a trial. Delicate fabrics are handled as carefully as you would expect to find only in the home. They guarantee all colors. They employ

only experienced and expert workers, especially trained for such service. They use the latest and most sanitary methods that insures the family of work that is always clean, fresh and free from germs. One of the rules of this laundry which every other business firm would do well to emulate, is to try and please everybody. This is indeed a hard self-imposed task but the result has been mighty satisfactory to their many patrons. Those in charge of this laundry more than deserve any compliment we may pass them for the modern and efficient service they are rendering this community. In conclusion let us suggest you visit this modern institution and see for yourself just how they handle their work.

WHEELING

Friday readers of the Herald are reminded of the dance at Childerley hall this evening sponsored by the bookkeeping class of Adult night school. Music will be furnished by the Northbrook Ramblers. Tickets are 25c.

The Wheeling Chamber of Commerce held their annual election of officers at their regular meeting last week. Those elected were President Anton Mayer; vice president, Wm. Laurence; secretary Frank Utapdel; treasurer, Hans Schmidt.

Bud Bazso of Childerley entered the preliminary bouts of the Golden Glove tournament held at Loyola university last week. He was victorious in his bouts on Tuesday and Wednesday evenings, but lost out on Thursday which took him from the race.

Mrs. E. Kruse and Robert Kruse motored to Michigan for the weekend where they visited relatives. About twenty-one men representing the Volunteer Fire Dept. and Chamber of Commerce, enjoyed a dinner at the Riverside Inn Sunday evening, after which they attended the Black Hawk hockey game at Chicago Stadium.

At a special meeting of the village board held last Thursday evening, a contract for the surface treating of parking space on Milwaukee avenue, south of Dundee road, was awarded to the Hydro Carbon Corp. of Chicago as the lowest bidder. The job will be financed by the provision of the motor fuel's tax law.

A baby girl was born to Mr. and Mrs. Edw. Glueck on Monday, Feb. 25. Although normal in all other respects, the infant was found to have an extra little finger on the left hand.

TO ALL CITY, COUNTY AND VILLAGE CLERKS

There is a considerable amount of confusion relative to Fish Code Laws covering Hook and Line licenses. This is due to an erroneous report that the Fish Code has been changed, requiring each and every hook and line used to carry a separate license.

For your information I wish to advise that there have been no changes in the Fish Code, although some are being contemplated but will have to be submitted to the Legislature for approval before they can become effective, which will not be before July 1, 1935.

Steamboat of 1543
A steamboat invented by a Spanish seaman in 1543 had a speed of three miles an hour.

Arlington Heights, Illinois

PRICE \$2.00 PER YEAR

ELECTION PETITION IS FILED

Park District Vacancy to Be Filled at First Spring Election

The general public has been so busy wondering and guessing who will be candidates for the municipal offices that a lone position on the park board came near being forgotten altogether. Tuesday was the last day for the filing of nomination petitions for that board. James A. McElhose was unwilling to again be a candidate and the proper petition bearing the name of Thomas W. Wilson, of the high school faculty, was substituted. The election will be held the first Tuesday in April.

Mr. Wilson is a member of the garden club and is very much interested in horticulture. The park board is limited in its expenditures by the small tax that it levies, the board members taking the stand that the park board was originally organized to clean up Arlington Heights front yard, which it did by assuming responsibility for the railroad parks and the smaller park areas in the improved parts of the town.

No Township Election
There will be no township election this year. However the school treasurer will be required to hold an election at the same time as the high school election for a member of the township board of trustees.

Full Village Tickets This Year

The municipal election will be big enough this year to satisfy all local political spellbinders. Every elective village office is to be filled from mayor to police marshall. In addition, there will be candidates for the library board. The last day for filing for these offices is March 12.

Arlington Heights Water J. K. Says Lab's Report

Arlington Heights can boast of water as near pure as is obtainable anywhere on this earth. A sample was recently submitted to a laboratory by Julius D. Flentje, village president. That laboratory's report, received during the past week, states "Bacteriologically this is excellent water and safe for all purposes."

The analysis of the sample of water taken from the north side well in Arlington Heights reports no bacteria and a negative test for traces of bacterial pollution.

Friendly Class Thanks Purchasers of Tickets

The sale of movie tickets for the "Girl of Limberlost" more than met our expectations. We want to thank those who purchased tickets. They contributed to a good cause and also saw a worthwhile show.

The Friendly Class

Mothers Meet Wednesday

All mothers of Arlington Heights have been invited to attend the meeting of the Arlington Heights Mothers Club which will be held at 8 o'clock Wednesday night at the home of Mrs. Raymond Atkinson, 532 South Highland avenue, Arlington Heights. Mrs. Milton Daniels will be assisting hostess.

What Relief Projects Really Means to Arlington Heights

(Contributed)
Summing up in an impartial light of beneficial results to the community and business at large the effect of measures thus far, to alleviate the relief situation in our own local community offers food for serious thought and reflection, as well as more active and friendly interest on the part of every business man and resident fortunate enough not to be in the relief ranks.

It's "Cannaries and Dogs" This Time

Cannaries and dogs had their innings Sunday in two Chicago shows and two Arlington Heights fanciers attended, were thrilled, and came home convinced that the depression was near an end in the bird and dog worlds.

Albert Bauer, 249 West Wing street, is more enthusiastic than ever over possibilities in canaries. There were 850 birds on exhibit at this show from all over the country. The feature was a canary that would sing "Yankee Doodle." Al thinks he has several just as smart birds and he has purchased a copy of the music for home consumption—of himself and his birds.

Paul Arneuman of the Herald office, is the dog fancier, who accompanied by his "Play Boy Hugsy" made the acquaintance of all of the other thoroughbreds at the Sherman hotel. He returned home enthusiastic over a plan to beat the depression by educating the people of Arlington Heights to place a Boston terrier in every home, thereby breaking the present local business depression.

MOVIE TO AID EMERGENCY COAL FUND

Net Proceeds to be Used
to Prevent Suffering to
Those Without Fuel

Mayor Flentje has set aside Wednesday, March 13, at the Arlington Theatre for a gala movie night to secure needed funds to carry on local relief. The unexpectedly severe winter and its ensuing complications, has meant that there are many emergency cases, where the regular relief coal quota is not sufficient. A local coal fund is needed to give temporary relief in such cases.

Here's a big chance for all those enjoying nice warm homes and comforts to come out and see a good show realizing at the same time that you also contribute to the happiness and health of those not so prosperous. Buy a 25c ticket and help keep the home fires burning and a lot of little kiddies warm.

Wednesday night, March 13, is the date; the Arlington Theatre is the place; the feature picture will be Sir Gilbert Parker's, "Behold My Wife" with a cast comprising a host of Paramount stars including Sylvia Sydney, Cary Grant and Laura Hope Crews.

The admission is 25c for everybody. This night, the entire net proceeds of the advance ticket sale will go into the relief fund. Mayor Flentje is so optimistic about the results that he has already personally assured the responsibility of authorizing coal relief to a number of emergency cases.

Mr. Flentje has also assumed the cost of operation for the theatre this night.

Let's back up this mighty worthy effort with a grand community spirit and put the affair over the top in a big way. Buy one, buy two, buy more tickets if you can and enjoy the happiness of knowing you have done a good deed and helped those who find it so hard to help themselves.

START ON NEW IER PROJECTS IN ARLINGTON

Pavement Widening, More Sewer Outlets, etc., to Keep 17 Men Busy

A new 17 week IER project period starts today in Arlington Heights with work outlined that will provide employment for 75 men the coming four months. While the recently filed project application has not been officially approved by the authorities, it is almost certain that all of the projects outlined by Mr. Flentje will be accepted. Workmen are already receiving assignment under the new program.

To Widen Pavement
Among the major improvements will be the widening of the pavement around the St. John's church and possibly the Presbyterian church. In these cases the only cost to the adjoining property owners will be the material, all of the labor being paid out of relief funds.

Sewer relief for property owners on South Mitchell and West Campbell, is included in the program. The laying of short mains will provide drainage and sewers for property so sparsely settled that a special assessment would not be practical. In all cases the property benefited will pay for materials.

The northside pumping station is to be veneered with brick and that park will be otherwise improved, making it one of the beauty spots in Arlington Heights.

Other projects include tree trimming and the maintenance of crossing watchmen.

ANNOUNCE TRAINING FOR MEN

Scout Council Plans University of Scouting

Opening Thursday evening, March 14, and continuing each Thursday for five weeks, the men of the Northwest Suburban area will have another opportunity to become better acquainted with such important matters in the leadership of boys as Scouting Administration, Elementary Cub leadership, and American Red Cross First Aid. These three courses were definitely decided upon by the training committee as basis for the Northwest Suburban Council Spring University of Scouting. Other courses will undoubtedly be added offering a variety of training that will appeal and interest not only men who are active in Scouting and Cubbing in various capacities, but also to men who are involved in other types of boys work such as teachers, Sunday school teachers, fathers of boys and others. The location of these courses will be announced in next week's paper.

They are open to everyone and invitations are being extended to various men's groups and interested individuals throughout the area. The course will be conducted under the supervision of the training committee consisting of J. O. Carr, chairman, Guy Stephens and A. O. Atkins of Park Ridge, W. H. Imig of Des Plaines, A. R. Crawford of Niles, C. E. Fuller and E. J. Anderson of Des Plaines.

NOTICE

Alfred E. Behnke, deputy collector of Internal Revenue, will be at the Mt. Prospect State Bank during banking hours, Monday, March 4, to assist the general public in the filing of income tax returns. There is no charge for this service.

Night Police Patrolmen Undergoes An Operation

Ira Melbourne, police patrolman of the Arlington Heights business district, entered a Chicago hospital yesterday for an operation which he has been delaying for some time. He will return to the job as soon as possible. Ira has been giving some real watchman service to the business district and a substitute will take his place during his absence. The boys wish Ira the best of luck.

David Peter, 69, Dies In Phoenix, Arizona; Was Born at Arlington

David Peter, one-time Arlington Heights young man, died Friday at his home in Phoenix, Arizona. He was 69 years old and had made his home in the Southwest since the age of 16 when an uncle, visiting in Illinois, told of the ranch life and took his young nephew back with him.

Funeral services were held Tuesday. At one time Mr. Peter was an active ranchman, and later owned a chain of grocery stores. He had retired from both enterprises before his death. He left his wife, two sons and two daughters, and six grandchildren, also a sister, Mrs. Margaret Harris, 127 South State road, Arlington Heights.

She is now the only living child of David and Sarah Peter, who once owned what is now known as the Becking farm in Elk Grove township, a mile south of Arlington Heights.

Kewanee Light Plant Back in Operation After Engine Exploded

The Diesel engine which pumps city water, lights the streets and furnishes electricity for municipal purposes in Kewanee, was placed back in service last week after a two weeks' shutdown due to an explosion. Experts from the Beloit plant of the Fairbanks Engine Company, manufacturers of the engine, assisted city workmen in repairing the damage which occurred February 1, when a cylinder blew up damaging the fly wheel, engine base and crank shaft. No one was injured when the engine, which was installed about a year ago, was wrecked.

Water and lighting service was maintained during the period of shutdown through the prompt action of city officials who arranged for an emergency connection with the lines of the Kewanee Public Service company. The engine received considerable publicity two weeks prior to the explosion when Kewanee city fathers invited representatives from other municipalities in northern Illinois to attend a two day meeting held to celebrate the first anniversary of its operation.

55-Year old Farmer Found Dead in His Bed; Lived Alone 20 Years

Charles Boeck, 55-year old farmer who had lived alone for the past 20 years on a small farm on Elm road just south of Dundee road, was found dead in his home Sunday morning. The body was found by Constable Charles Foltz of Palatine township when neighbors failed to find any signs of the man about his home and saw no smoke coming from his chimney.

MT. PROSPECT FARMER IS STORM VICTIM

Disappeared from Home Sunday; Body Found Near Rochelle

Walter J. Mueller, 25 years old, disappeared Sunday from his home on Elmhurst road and his body was found near his car at Rochelle Tuesday. His death apparently was caused by exposure during Sunday night's severe sleet and snow storm. Police believe he was overcome while walking from his automobile, which was found out of gas a mile away.

The family report that the last they saw of him was Sunday morning when he left for church, stating that he intended to drive to Des Plaines to secure some cigarettes.

Lauterburg & Oehler have charge of the funeral arrangements.

Many Messages Are Received at Home of V. I. Brown

V. I. Brown, principal of the Arlington Heights high school, is still confined to his bed with number of visitors limited. He has appreciated the many letters received from school men throughout the northwest established as well as from Arlington Heights friends. While only a few of those who call are admitted to the sick room, he expresses interest in those who inquire as to the progress that he is making.

Opens Coach Line to Benjamin Electric Plant at Des Plaines

With the Benjamin Electric manufacturing plant at Des Plaines opening up on a full production schedule giving employment to many men and women in Palatine, Arlington Heights and Mt. Prospect, there is need of a coach line between the two cities.

Route 53, 1.96 miles of paving from Glen Ellyn northeast.

Route 59, .30 mile paving in the approaches to the Chicago, Burlington, and Quincy railroad subway near Eola.

Death Takes Two More Des Plaines People

Mrs. Bertha Klose, former resident of Des Plaines, died Friday at the Wisconsin Dells. The remains were brought to the W. C. Oehler funeral home at Des Plaines. The funeral was held Tuesday. Burial was in the Town of Maine cemetery.

Handkerchief Shower Is Birthday Surprise To O. E. S. Matron

Mrs. Jennie Carlsen, worthy matron of Arlington Heights chapter O. E. S. was surprised with a chapter-wide handkerchief shower Thursday evening. The gifts were contained in a valentine basket. A valentine party followed the chapter meeting at which games were followed by refreshments with valentine decorations.

SNOW PLOW HIT IN SLEET STORM, TWO MEN DEAD

Snow, Ice Cover Roads; Suburbs Escape Freak Storm Tuesday

Sleet and snow blanketed the suburbs and Chicago Sunday night and early Monday morning and resulted in two deaths when a Soo line passenger train struck a state highway maintenance truck pushing a snow plow on Central road about a mile north of Des Plaines.

Both men killed were residents of Des Plaines. They were Ralph Tucker, 43 years old, and Henry Colby, 26 years old. Apparently sleet had formed on the windshield and windows of the truck and obscured the vision of Mr. Tucker who was driving.

The remains were taken to the W. C. Oehler funeral home, from which place the funeral of Mr. Colby was held Thursday afternoon. Mellen Romer post, of Chicago, was in charge of the services with interment in Oak Ridge, Chicago.

The funeral of Mr. Tucker was held Thursday morning at St. Mary's church, with interment in St. Boniface cemetery.

The storm, a part of the tornadoes, blizzards, and dust storms which swept the Middle West during the week-end, began with a dry, hard-driven snow Sunday afternoon and evening. At night it changed to a clinging wet mush which a strong wind piled into drifts and plastered against the lights and windows of autos.

When temperatures rose this gave way to a rain which later with lowering temperatures in the early hours of the morning became sleet. Freezing upon the roadways, windshields, and windows, this made driving hazardous.

Tuesday morning and afternoon a freak snowstorm blanketed the City of Chicago under several inches of clinging snow while the sun shone brightly upon the suburbs from a cloudless sky.

The return of freezing temperatures and forming of ice upon the Des Plaines river led to the death of two boys Thursday afternoon between Maywood and River Forest. They attempted to cross the river upon the thin ice which broke and plunged them into the icy water.

If In Doubt Call No. Six

Did you know that Arlington Heights has its own public welfare bureau where between the good offices of the treasurer, the police department and the pumping station attendants, there will be an answer for almost any question that you desire to ask?

Number 6 is the telephone number of police and fire departments and a night room spent by a reporter in the vicinity of that phone disclosed some of the extra services that these officers are sometimes asked to give.

If it's the temperature you desire, call No. 6; if you want to know the exact time call No. 6; if you have lost your children or your husband, call No. 6. These are only a few of the inquiries that come over that phone almost every day.

In fact they can answer almost anything—except the price of postage stamps—you have to go to the postoffice for that.

VILLAGE NOW HAS NEW PUMP NUMBER TWO

Water Department is Further Modernized with New Installation

"It never rains, but it pours," and it is "pouring" new and better water in Arlington Heights these days. Following the installation of the new pump upon the new well which has doubled previous water supply, a second new pump was placed in operation that week at the pumping station.

The pump head, which includes the electrical section came from the old Searsdale well. New column pipe and holes makes practically a new pumping unit which insures a maximum production of water at a minimum of pumping cost from the water vein that extends under the center of the village.

With the "pulling" of the Searsdale pump, local housewives may rest assured that they can bathe their children and wash their clothes the coming summer without the danger of making Indians of their children and dyeing their clothes with rust.

Henry Boysen, well contractor, did the installation work for the new pump.

STATE PLANS MORE HIGHWAY LANDSCAPING

18 Mile Strip of Northwest Highway to be Completed This Spring

Landscaping of an 18 mile strip of the Northwest highway from Barrington to Foster avenue and 15 miles of Skokie road from Elston to the north Cook county line, projects which are to be completed this spring, have inaugurated a plan by the state to gradually landscape all highways.

Three benefits of the work are pointed out, increased beauty, greater driving safety, and reduced maintenance costs. Twelve major federal aid road projects have been announced for this year.

Highway engineers state that uninteresting barren spaces cause a tedium of driving which causes drivers to drowse or even fall asleep. Another safety feature in the landscaping program is the placing of shrubs at intersections and sharp curves to help show off the curve and yet not smash a car if a driver misses the corner.

Phelps Vogelzang, state landscape engineer, says that highway planting not only adds to the scenic beauty, but aids in erosion control, in stabilization of fills and in weed control, and also provides nesting places and food for wild life.

Since the state undertook its landscaping program in 1933 workers have planted 113,065 trees and 168,009 shrubs from nursery stock and thousands of woodlot trees were transplanted by CWA and relief workers. Of the trees set out last year and the year before, 84.2 per cent have lived. Approximately 6,000 miles of Illinois highways will be landscaped when the spring work is completed.

Interest Rates Go Down for the Village

"Finis" will be written upon the \$50,000 PWA water project in Arlington Heights as soon as the municipality receives the final cash grant from Uncle Sam. The work is completed and the village has on hand the \$2,800 needed to make the last payment to the contractors. Before Uncle Sam lets go of his outright contribution of \$10,000 in cash and the cancellation on his part of over \$4,000 in Arlington Heights village bonds held by him, he required assurance that the village was able with the above \$10,000 to settle all claims for the work.

Under its present financial status, the village was able to borrow for a short period the needed \$2,800 from a neighboring bank at four per cent. The money will be repaid on time from either the special PWA bond account, or the April receipts of the water department.

New U. S. 'Baby Bonds' Are Put on Sale Today

U. S. government "Baby Bonds" went on sale at the postoffices today. They are offered in denominations with maturity values of \$25 to \$10,000, and mature in 10 years. The issue prices are \$18.75 for the \$25 value and ranges to \$750 for the \$10,000 value.

The bonds may be turned in for redemption any time after 60 days following their issuance and be redeemed at a value proportionate to the time they have been out. All first, second, and third class, and some fourth class postoffices are selling the bonds.

Sale of the bonds in the Arlington Heights postoffice is in charge of Ben Helfers, postmaster.

FAMILY PARTY PLANNED AT NILES CENTER HIGH

Invitations have been mailed to all high school pupils and their parents for an all family party to be held Friday, March 1, in the Lincoln school building.

Dancing in the auditorium will attract most of the high school pupils. Bridge will prevail in the cafeteria for the parents. A floor show is also being planned, reports Grace Harbert, faculty social chairman. There will be door prizes, and table prizes.

The entire proceeds of the evening will be used to cover the costs of the annual picnic in June.

All pupils with three or more days of extended absence must either present a Doctor's entrance permit, or a similar permit from Grace M. Cole, Cook County Nurse. In the event that such a permit is not presented when a child returns to school, an examination must be made at the school by the school physician before the child will be permitted to regular class work.

These measures were adopted by the Board of Education at the February meeting, Supt. R. E. Cotauche, chairman.

ARLINGTON HTS.

What is the news? Of course you'll shout, If you see your name here spread out. Yet gathering news is just a game, If names make news, why not your name? Though some folks here prefer to send. News to the city papers; friend. Why should home people still refuse. To give the home paper their news? Read down our items, if you find Your name included do not mind; If it is not, please send next week. Some news in which your name will speak.

Folks are funny, they expect the local paper to give all the home and yet are indignant if their names are in the paper (or left out?)

Ne? Old winter coming back to give us another whack. 10 above zero, February 26.

Red Cross conference of the local unit, a speaker from headquarters, an interesting meeting. Report given elsewhere.

Tuesday the Ever Ready club met in the home of the president, Mrs. Otto Herrman, quilting and plans for future activities and an enjoyable meeting with their ever hospitable ever ready president, Mrs. Herrmann.

Monday Mrs. Ashton drove over to Rogers Park to bring Mrs. Alden to practice in the club chorus rehearsal for the March 6 program.

Sunday Mr. and Mrs. Karl Fehlman and their interesting trio of children drove down from Woodstock to spend the day with his mother, Mrs. S. Fehlman.

Mrs. Arthur Kaepfel's many friends are glad to learn that after her long confinement in a hospital, she came home Tuesday last week.

Mr. and Mrs. Reuben Davis and their children came over from Deerfield and were guests of relatives and friends in the Heights, Sunday.

Miss Fern Lorenzen spent the week-end with friends at Oak Park. Mrs. D. H. McNally of North Douglas avenue, is in a Chicago hospital for treatment.

The Northwest District Kindergarten held a Washington birthday celebration at Palatine Wednesday this week.

Mr. Timothy Kellogg of Interlaken, New York, visited his brother, William and other relatives here last week.

Mrs. W. W. Guild was taken to a Chicago hospital last week for rest and treatment. Her many friends are hoping she will be able to come home soon, quite recovered from her long suffering, just herself again.

HEALTH

Good health comes as a reward for observance of Natural law; ill-health is the penalty of its conscious or unconscious violation. Your part is to assist Nature. You'll be surprised how apparently complicated conditions yield to simple, natural treatment.

The Social Five hundred will meet with Mrs. August Schulenburg in her home on South Evergreen avenue Thursday afternoon this week.

Mrs. Laughlin has been the guest of Mrs. U. A. Reese during her stay here the past week, calling on old friends.

Mrs. Langhorst of Palatine was the guest of her aunt, Mrs. John Berchtold Thursday last week. A real cheerio for her aunt.

We are glad to hear that Mrs. Pelle Siefeloff and her son, Chester Siefeloff have opened a business in the south end of this village. Mrs. Siefeloff will spend part of her time with her husband in his place of duty.

Mrs. Louis L. Clark entertained a group of her friends at a card party in her home on East Miner street Wednesday last week.

We are sorry to hear that Mr. Nickolas Mayer is still detained at home by the painful injury he suffered to one of his feet in a fall some time ago.

Mrs. Grace Thomas was at home from Springfield where she has a position. Her coming was to store her household goods, her daughter, Anna Belle will stay here with friends to attend school.

Mrs. J. D. Flentje entertained a company of ladies Wednesday afternoon to tea and cards in her spacious home on North Belmont avenue.

Mr. Godshaw, the ever friend of the children, gave prizes to the boys and girls who attended the presentation of Shirley Temple dolls, Sunday afternoon at the Arlington Heights Temple. What a delightful surprise to Dolores in which we give her joy.

Mrs. Forest Nichols was called to Beecher City, Illinois, on account of the serious illness of her sister.

Mrs. George Held went to Mount Prospect Friday last week to visit her sister, Mrs. John Bencic, who has been ill for some time.

Mr. and Mrs. Rexford Volz who had been entertaining Mrs. Laughlin Sunday, drove up to Palatine to take their guest to call on Dr. Gibbs, one of Dr. and Mrs. Laughlin's old time friends.

The people of St. James church are giving a minstrel entertainment in their hall, afternoon and evening, March 3. The entertainers from the city are from the St. Valentine council of Isabella. It is presented here that other churches may enjoy this benefit.

The Presbyterian aid gave a Pot Luck supper in the dining hall of parish house Wednesday evening.

Miss K. J. Kealy had a very pleasant message from her brother and sister, Mr. and Mrs. James Kealey of London, one day last week. Glad to have her tell us about it.

Miss Rose Heller is sharing the pleasure of her European trip with the rest of us who had to stay at home. Wednesday last week she spoke to the Fidelis Circle. Wednesday this week she will tell of her trip to the "Gleaners' Circle" and next week Wednesday she will describe her journey before the Woman's club. Of her further dates we do not know.

The Fidelis Circle met Tuesday evening this week, with Mrs. H. A. Helm.

Malzahn & Goedke do sewerage, plumbing, heating, and sheet metal work; phone 478-479.—Adv.

Mrs. Hy. Busse had as an overnight guest, her cousin, Miss Lillian Vales, Chicago, last Wednesday.

Misses Carrie and Doris Clark took advantage of the extra day vacation on account of Washington's birthday and spent the week-end at their home in Stanley, Ia.

There may be old Arlington Heights friends who may not know that Herman Niemeyer (Dede) is in charge of the lunch room at the bowling alley. Dede several years ago was with Chas. Kosmin, later operating a lunch room in Palatine and then going to Wisconsin. He is the same old "Muggins."

The Methodist Men's club will meet in the church parlors for a good time March 5, at 8 p. m.

Mrs. H. F. Cunningham, 80 years old, mother of Mrs. Dick Smith, died last Friday at the home of her daughter. With her husband, she came to Arlington Heights three weeks ago, expecting to remain the balance of the winter. She was taken ill Monday and was unconscious most of the time until her death. The remains were taken to the family home at Rosville, Ill., where the funeral was held Monday. Mr. Cunningham is 81 years old and will reside with his son in Rosville. There remain four children, 5 grandchildren and one great grandchild.

Mr. and Mrs. John Noerr of Chicago were in Arlington Heights Friday to celebrate Louis Krohn's birthday. Other guests were Mr. and Mrs. William Walbaum, Miss Laura Dieball and Miss Erna Dieball.

Circle this date, April 2, the Legion Auxiliary Style Show at the Presbyterian church.

Mrs. H. F. Ackley had a happy surprise visit last Sunday from her two sisters and their husbands, Mr. and Mrs. George Wing of Sterling and Mr. and Mrs. Olson from Independence, Iowa, both busy business families who much enjoyed a week-end visit to Chicago friends.

Friends of Mr. and Mrs. Joseph C. Hofstetter are glad to hear they were singing Swiss songs in Hollywood Coliseum. Glad to hear it, just knew Mrs. Olga Hofstetter would find appreciative friends out there.

Lent begins next week, Ash Wednesday, March 6.

We said ten above zero, comes our milk man and tells us it was five above here Tuesday morning. I'll warrant those who had to dig their autos out of the ice, well knew how cold it was.

Miss Lorraine Bloese invited a group of her friends to help celebrate her eighteenth birthday last Thursday, at the home of her parents.

Arlington Offers Another "Your Choice" Dish Night

The Chinaware fans will get their long awaited pepper shakers this week.

Next week Mgr. Godshaw is announcing a twin bill for Thursday and Friday with a "Your Choice" selection (both nights) of a dozen different items including pie bakers, salad bowls, cereals, large plates, etc.

The kiddies are receiving gifts at the first show now on Sunday. This Sunday Mr. Godshaw will give a World's Fair solo ball, a toy worth the admission price to every child. "College Rhythm," a football special with a 7 star cast is the Sunday special with the possibility of another big attendance.

Lutheran Observe Lent Picture Sermons Feature

St. Peter's Lutheran church under the direction of its two pastors inaugurates the season of Lent with a special service in English next Wednesday, 8 p. m. Thereafter until Easter weekly Lenten services will be held.

Pastor Fricke will deliver a series of seven sermons on "Word Pictures of the Passion." "These sermons," the pastor explains, "are intended to make real the Christ of the Gospel and thus to deepen Christian faith in the basic facts of human salvation thru the atoning sacrifice of the cross."

A unique method will be employed to make the preaching more impressive. Pastor Fricke will illustrate his sermons with reproductions of religious paintings by the distinguished German artist, Gebhard Flugel. At each service a picture of the scene discussed will be given free to those who attend to fix the facts of the text and sermon upon the mind. This method was used last year with excellent results.

Following is the complete program of Lenten sermons:
March 6: "The Verdict."
March 13: "Assumption of the Cross."
March 20: "Weep Not Over Me."
March 27: "The Collapse."
April 3: "The Crucifixion."
April 10: "On the Cross."
April 17: "The Burial."
The pastor desires to make it known that anyone who is interested in plain Gospel preaching is invited to attend these services.

Unusual Music Program For Woman's Club Members and Guests

The music committee of the Arlington Heights Woman's Club has arranged a real treat for the members and their guests at the next meeting, March 6th. The feature of the program will be a cantata upon which the committee has been working several weeks. Mrs. Mitzel is the director and Mrs. McWharter the accompanist.

The afternoon program starts with a dessert luncheon at 1:30. All past music chairmen, and music directors and the district music chairman will be at the head table and greet the club.

Between the presentation of two parts of the cantata pupils of Miss Celia Hausman will give a number of selections.

Miss Rose Heller will favor the club with a travel talk dealing with the southern part of Europe, which she has visited.

Each member will be entitled to bring one guest and it promises to be one of the most enjoyable afternoons of the year.

The members of the club enjoyed a delightful Valentine party at the home of Miss Elizabeth Heller Wednesday, Feb. 13. It was a triumph of cupid's knight, good Saint Valentine, Valentine favors, souvenirs, refreshments, shadow pictures and silhouettes—in short, everything these art loving versatile ladies could devise, or image, made the afternoon go quickly and one long to be remembered.

True Beauties of Art
The true beauties of art are the beauties of thought and work that the painter puts in.

"Life Problems of Man" Preached at Luth. Church

The Lutheran church seeks to make a real contribution in the solving of those tremendous problems of human life by offering a series of plain, forceful sermons on "Life Problems of Man." These sermons will be preached by Pastor Fricke Sunday mornings at 11. The pastor will sound thru the din and confusion of materialism and unbelief the clear Bible note on the meaning and purpose of life. "For many people," the pastor asserts, "life has degenerated to the level of meaningless routine without a definite purpose to sustain its functions. We need to rediscover and reapply the principles of the Bible to the problems of human life and thus lift it to a plane of happy idealism."

These problems and their Biblical solution will be discussed under the following topics:
March 3: "Man and Life."
March 10: "Man and God."
March 17: "Man and Man."
March 24: "Man and Property."
March 31: "Man and the Kingdom."

All who are seriously thinking on these important matters are cordially invited to hear these sermons. They will help people, the pastor believes, to arrive at a better understanding of life and its responsibilities.

Ninth District News American Legion Auxiliary

Thursday evening, Mrs. Helen Klock, rehabilitation chairman of the district held one of the most successful card and bunco parties, ever held at the Edward Hines Jr. hospital for the Veterans. There were about 100 girls who helped to put over this party, they had about 55 tables of either cards or bunco. Every man was given cigarettes and each winner an extra package. Mrs. Klock deserves a vote of thanks for the wonderful co-operation she has given the district.

On Friday evening the ninth district American Legion Post, under the direction of Commander Bernhard and auxiliary held a joint Americanism program at the Lions hall in Chicago. All post and auxiliary colors were advanced by the sergeant at arms. Commander Bernhard introduced Comrade Ed. Johnson who led us in the preamble to the constitution of the American Legion. Mrs. Ann Bernhard, ninth district director, Mrs. Helene Omilie, ninth district Americanism chairman, Mrs. Marie Suthers, state department vice president and Mrs. Scott were escorted. Music was furnished by the Drum corps of Mel Towner and Victory posts.

C. Wayland Brooks, Dr. Scott and Geo. Heine, Cook County Council Americanism chairman were escorted and introduced. The 4 musketeers of the Columbia Broadcasting company gave us some very fine music, also Colonel Scott spoke a few words and said how happy he was to be with the ninth district.

Mrs. Ann Bernhard was then introduced, she expressed her pleasure at the large gathering and hoped everyone would have a pleasant evening. She then introduced Helen Omilie, who in turn introduced the auxiliary speaker, Mrs. Marie Suthers. She spoke on Americanism movement. She asked each of us to know our own child-

dren, and to teach them to respect us. Also that we should know our schools better. She also said that we should start a back to church movement. She urges the Legion and the auxiliary to accept its duty and carry on.

The next speaker was C. Wayland Brooks. He told us of some things which made Washington great, he also compared the times now with the times then. There were the same problems then as there are today. He also urges us to watch our schools. He says Americanism is the hope of the human race.

Commander Bernhard then adjourned the meeting.

Keep the 21st of March open for the ninth district auxiliary meeting, which will be preceded by a dinner for Pauline Benacker, state department president. More news about this next week.

F. O. E. FLASHES

The fairer sex held their first meeting at the Eagles Club rooms last Tuesday, Feb. 19, preparatory to organizing a Ladies' Auxiliary to the Fraternal Order of Eagles.

An outline on procedure to organize was given by Elmer B. Sachs, chairman of the Ladies' Auxiliary committee. Worthy President Wesley M. Cleveland, gave the ladies a very good description of the type of work being done by the Eagles, and how the Ladies Auxiliary would be a wonderful asset to the Park Ridge Aerie.

The ladies seemed very interested in organizing the Ladies' Auxiliary, and, brother, when the ladies undertake to do anything, they usually never fail.

South Side Breezes

Mr. and Mrs. C. I. Davis spent the week-end in St. Louis. They found the weather variable coming from spring flowers to a blizzard. Their children, Helen and Betty, visited their grandmother at Wilmette.

Mrs. Dick H. Smith is in the southern part of the state, her mother having passed away recently.

Several ladies attended a benefit tea at Park Ridge, Thursday, under the auspices of the Northwest Suburban county council of parents and teachers.

Miss Leone Haley of Chicago visited her friend, Mrs. John Suckack Friday.

Rev. and Mrs. W. C. Monroe, Woodstock and Roger Monroe of Dundee, spent Sunday at John Monroe's on South Dundon.

Pre-school Child Study class will meet Monday, March 4, at the home of Mrs. Stearn, South Mitchell. Meeting at 3:30.

Dr. and Mrs. Raymond Howell of Columbus, Wisconsin, who were attending the Dental convention in Chicago last week, spent Wednesday with Mr. and Mrs. Blackburn.

Tuesday the Everready's met at

Mrs. Hermann's and worked on quilts, which the group is making for the children at the Lake Bluff orphanage.

Mr. and Mrs. John Monroe will be dinner guests Saturday evening at the home of Mr. and Mrs. Donald Wallace, Chicago.

Mother's club will meet March 6, at the home of Mrs. Raymond Atkinson, 532 So. Highland.

Color Pigments

The annual production of color pigments would paint a rainbow reaching from Boston to Baltimore with stripes 1,000 feet wide.

OBSERVER'S NOTES

O, the times, these insane times,
Set the stage for blackest crimes;
Ruled by the great god of greed,
Dazzling, blinding all who heed;
Judges falsify the law,
As our Master oft foresaw.
Home and Christian lessons taught,
World's luring banners set a naught.

Pity Lord, our crying need,
And deliver us from greed.

Why are so large a proportion
Of the robberies and bandit crimes
Today committed by the younger
people? It is the greed for money
lures them on to get something for
nothing—until murder is the black
pit into which they are all too soon
hurled.

And another awful incentive to
commit crime is "The Thrill" of it
as the morning paper tells it. Three
youths who confessed that after
reading all the Dillinger and kid-
napping tales as told over radio
and newspapers, one was a party
to a kidnapping crime and another
to burglary, "just to get the thrill
of it." Have we, as citizens no
duty in this sweep of crime to
destroy our youth?

There! There Observer! 'Tis time
to turn to the brighter side of
the picture. Did you get a nice Valen-
tine? Did I? Yes, two dear chil-
dren left their heart allegiance in-
scribed O so sweetly on pure white
Valentines—yes they put them on
the door step and scampered away.
Didn't those loving messages give
this old heart a thrill?

Never set so much store by Valen-
tines day, as many do, yet the
good old saint is brought to us in
a pretty legend, and one of my first
remembrances of the day is when
a little child as I sat on father's
knee, he sang as no one but father
could sing—a Valentine song.

This is the song:
"Young Damon long studied
My heart to obtain;
He's the prettiest young shepherd
That pipes o'er the plain;
He tells me soft tales,
And I vowe them not amiss;
I have often said no,
When I longed to say yes.
Chorus, yes, yes.

Last Valentines day,
To my cottage he came,
And brought me a lambkin
To witness his flame;
He begged for my love,
And in my distress
I meant to say no, but mistook
And said yes, yes, yes.

To tell the truth, the lover dilem-
ma, the maidens mistake, all that
made no impression on my child
heart. It was that while lambkin
that gave me the thrill. What a
Valentine that was, and I was sure
it had a blue ribbon tied about its
neck.

Here was a thrill to stir any
heart, young or old, Sunday after-
noon, February 10, came a faithful
teacher from the primary depart-
ment of the Sunday school where
I spent 20 happy years. Yes, came
this faithful teacher with my star
Valentine, a star with seven points,
and O how sweetly those little
maids did sing for me. Never was
there a kinder deed, for a Valen-
tine. Instead of a lambkin, they
brought beautiful flowers. They
thought I was a "shut in." Since
leaving the "Old Little Room," dear
children I've been a "shut out."

The names of those dear little
singers, the points to my seven
pointed Valentine, my silver star,
are as follows: Anita, Betty, Hel-
en, Lorraine, Naomi, Joai and Shir-
line. Their kind teacher and each
of her class told us how sorry they
were to know that Valentine soon
has to leave the class to go to her
parent's new home in another city.
I am sure you will know how dear
my star Valentine is to me.

Here are recorded a number of
good deeds by others which it is
my duty and pleasure to record.
Too many are recording the bad
deeds, yet, let us remember there
is one above who records both the
good and the bad, no one can de-
ceive Him.

Good deeds? Have you noticed
the Literary Digest of the ninth
gave the pictures of three of our
great men who are in a valiant
fight to urge the preservation of
our nation to the noble heritage
left us by Washington, Lincoln and
the forefathers who secured for us
the rights of life, liberty and the
pursuit of happiness. This grand
triumvirate was pictured in Hiram
Johnson Borah and Father Cough-
lin.

These days are so full of birth-
days and tributes to great states-
men and women who fought to
found and preserve our nation.
Washington and Lincoln,
Much to each is due,
Washington our flag unfurled,
Lincoln its meaning knew;
His spirit, the foundation
Binding our states as one,
A free and equal nation,
His Spirit still leads on.

Speaking of last things. When
our dear one we see for the last
time on earth, we do believe we
shall see them further on, so it is
with the sunset, the spring time, all
things in nature. The birds, the
flowers, the last leaf on the tree we
know that they return to us again.

The last bright flowers of summer,
The last leaf on the tree;
The latest songbird come,
—his happiness to me.

The last hour of the daylight,
When the weary seek their homes;
The last sound of the music,
—the hour, when silence comes.

The last winter of childhood,
That bears our friends away;
The last sound of dear voices,
That return at close of day.

The last gleam of the twilight,
When the western gale unbars;
And milky way trails its veil of
white.

Spangled with many stars,
The last cake on the griddle,
The last train moving out;
Like a sound played on a fiddle,
Are sure to turn about.

O, the last red rose of summer
And the last leaf on the tree,
Times wheel a whirling hummer,
Brings all these back, you see.

In mention made of last things,
The best I have delayed,
To speak about the joy it brings,
When the last bill is paid.

Speaking about bills, we're re-
minded of our electric light bill
seemingly too large, a few years
ago, soon after Christmas. We
mentioned its unusual size and
were told it was because of using
so much "juice" for our Christmas
tree; fact was we had no Christ-
mas tree, but did notice trees in
windows on our street kept lighted
for over three weeks.

Why be mean about a little thing
like that? If you can help to keep
the big salaries workers (or play
workers) in luxuries, why not be
happy. Saw an honest hard work-
ing man this morning all stirred
up over the picture of the Baines
in a Chicago newspaper. Never
mind brother, just see how we
poor dubs are keeping up our coun-
try's "higher class." The taxes we
are forced to pay for our aristoc-
rats is small to what Great Brit-
tain is now paying about \$53,000
a week for King's household and a
million to the Duke of Kent.
What's our small sum to float the
Insulls, the Stones and the Baines?

Cheer up folks! A man on the
south side says the Robins have
been in his grounds all winter.
We'll soon hear R. H. L. crowing
all over his column about that
angle worm on the side walk.

Over two weeks ago, Master
Donald Peeters found and brought
into the house a large butterfly
he found that had slid from its
silk cone or cover out of doors.
From Mrs. Peeters description of
the beautiful winged butterfly, it
may be an Emperor Moth. I'm
sure Mr. Arthur McElhose could
classify it for Master Donald, as
he is a long experienced expert in
insect and bugology.

Here is a good deed that carried
a little lad through four years, and
he wears the bright evidence of it
on his breast, four emblems more
precious than any cross degnare.
The medals or stars to prove that
he has been regular in attendance
at Sunday school for four years,
and surely Royce has reason to be
glad, and feel a bit of pride, too.
We are sure, too, his parents have
a boosting part in his good deed.

The way this old clock here near
me is ticking off the seconds. I
know it will be a good deed. So-
ry they are not more cheery, yet
there are so many good and help-
ful things coming to us each day,
we can only pray that God will
guide us out of those times of
wrong doing and the evil that
troubles.

If we can all remember the rule
by which that woman of over one
hundred years lived in peace and
kept her head above earth's dis-
turbances by minding her own busi-
ness. How far happier we might
be, but here we are troubling over
our neighbors affairs. The chil-
dren whose lives are endangered
on the streets, the decisions of the
Supreme court and that awful
court trial. O yes, and whether the
national budget balanced or not,
this pen must wait until after
breakfast.

Cheer up, spring is coming and
this pretty holly fern a dear friend
gave us at Christmas two years
ago, is sending up some sturdy
shoots. Have counted over the pos-
sibilities for our new town officials,
and what a glorious showing. So
many good right-minded men and
women, too, who will give good,
honest service in any of our public
offices, be sure we elect them.

Dearie me! How the children of
other years do grow into men and
womanhood. Those as little chil-
dren are now grandparents, and yet
the same characteristics are found
in them as we knew in the little
folks. Talk about why this person
knows no age. All these years I've
been singing and preaching to
young people, now, you so-called
old folks stand from under age is
no excuse for slumping down and
just plain shirking responsibilities.
If you suffer no disease of body,
and in no way crippled or in pain,
then quit hiding behind enumerated
years. This is my "doxie."

Arlington Maid Is
Bride Schaumburg Man

Miss Hilda Meyer, daughter
of Mrs. C. W. Meyer of Arlington
Heights and Mr. William Busche
of Schaumburg, were married
Thursday, February 21, at five
o'clock p. m. By the Rev. Charles
M. Noack of St. Peter's Lutheran
church in the parsonage. They
were attended by Mrs. Ed. Kolze
and Mr. Leonard Busche. The wed-
ding reception was given in the
home of the bride's mother, Mrs.
C. W. Meyer, where a generous
and unexcelled wedding supper was
served to about 35 guests. The
bride's grandmother was guest of
honor. She is Mrs. John Licht-
hardt. A grand good time was en-
joyed by the guests and "All went
merry as a marriage bell." The
newly wedded pair will live in
Schaumburg, where cargos of good
wishes follow them. May they
have all the worth while things of
life "with just enough of life's
shadow to temper the glare of its
sun."

The groom, a black bird, che-
quid, the black bird, siskin, red poll,
longspur, grackle, meadow lark,
bobolink, ruffed grouse, job white
(quail), and mourning dove all
have a diet which is composed
largely of weed seeds. Quail,
prairie chicken, and ruffed grouse
destroy great quantities of potato
beetles.

Dissatisfaction Voiced
By Pure Milk Members
At Series of Meetings

Dissatisfaction with the returns
dairy farmers are receiving for
their milk in the face of prevailing
retail prices has been voiced at sev-
eral protest meetings held recent-
ly by members of the Pure Milk
association. Petitions asking the re-
moval of Don Geyer, manager of
the association, and A. M. Krali,
publicity director, are being circu-
lated as a result of the meetings.
One of the largest of these was
held a week ago last Saturday after-
noon in the city hall at Wood-
stock. Harold D. Kelsey of Bar-
rington, an active member of the
P. M. A. presided. A similar meet-
ing was held at Harvard the pre-
vious Wednesday and another at
Salem Friday.

The committee in charge of the
petition seeks to secure at least
1,000 signatures and then present
the petitions at the annual meeting
of the association which is to be
held March 12 in Chicago. The
meeting at Woodstock also decided
to ask a flat price of \$2.75 per
hundredweight for milk and the
abolition of the present base and
surplus plan.

Arlington Heights O. E. S.
Chapter No. 992

There will be a stated meeting
on Thursday, Feb. 28, at 7:30 p. m.
Come out and enjoy a pleasant ev-
ening.

Call for Midshipman

A special civil service examina-
tion to choose a candidate for the
U. S. Naval academy from the
Tenth congressional district has
been announced for March 16 by
Ralph E. Church, congressman
from the district. Nearby postoffi-
ces at which the examination will
be given are Barrington and Chi-
cago. Candidates must be 16 to
20 years of age and can receive
complete information from Mr.
Church, House of Representatives,
Washington, D. C.

Wed 50 Years

Mr. and Mrs. Edward Kranz, res-
idents of Des Plaines since 1893,
celebrate their golden wedding
anniversary February 16.

Vote on Liquor

Des Plaines voters will ballot
April 16 as to whether or not the
retail sale of alcoholic liquors shall
be continued in their city.

Jack the Ripper Not Taken

Although special work by Scot-
land Yard and private detectives
was done in the case of Jack the
Ripper, no detailed information re-
garding this criminal has ever been
obtained. He was supposed to have
attacked women and children
throughout London and to have
been identified with the Whitechapel
murders.

Move along, what's the use of
slumping down,
Sis, a smile to him that frown,
Why give up and say I'm old
Just because so oft you're told?

Well, you know 'tis not yourself,
Time would lay upon the shelf,
'Tis your body somewhat worn,
But as sure as you are born.

'Tis incentive you have lost,
Find a new at any cost;
See the sun, does it decline
On account of age to shine?

Each new day arise at morn,
With a new incentive born;
Use your mind and you'll invent,
Purposes that bring content.

Not content to sit and mope,
But content, inspired by hope;
Every day and all your life
There is action, there is strife.

Why "give up" at any age,
Let your arms and plans engage;
What are four score years and ten,
To the souls of living men?

Youth is just a path begun,
Middle age a farther run;
Old age with its garnered love,
Should use all its richest store.

Each new day brings a new chance,
Helping others to advance;
You should be a wiser guide,
To smaller crafts on life's tide.

Let your long experience show
Those who know not how to go;
You are living, sure enough,
Just forget that old age stuff.

When the Lord wants us to quit,
We will be aware of it;
All the way, if we but live
There is much we still may give.

Brighten up that unused frame,
Live, while you live, in Heaven's
Life abundant, God hath given,
Living it here fits us for heaven.
Elinor Crisler Haynes.

Question
Box

Birds in Relation to Plants

(Continued from last week)
Many birds help to destroy weeds,
which, if permitted to grow, would
rob the soil of its fertility and
crowd out many of the desirable
plants. The sparrow and finch
families are of this group. The
song, chipping, and white-throated
sparrows help to rid our lawns of
the crabgrass plant, plantain, and
dandelion. The juncos feed on
many wild seeds during the late
winter and early spring. The
snowflakes have been known to eat
1,000 seeds of the pigweed for
breakfast.

The grosbeak, horned lark, che-
quid, black bird, siskin, red poll,
longspur, grackle, meadow lark,
bobolink, ruffed grouse, job white
(quail), and mourning dove all
have a diet which is composed
largely of weed seeds. Quail,
prairie chicken, and ruffed grouse
destroy great quantities of potato
beetles.

The question of the quail being
a game bird is under controversy.
In certain areas disease kills a
great many of these birds. This
disease is due to an unbalanced
diet caused by shortage of certain
necessary food. Partridges of the
far north almost die out every sev-
en years due to disease. Is it better
to let them starve of disease or to
let hunters kill them?

The English sparrows now eat
caterpillars and bugs. This is due
chiefly to the disappearance of
stables in cities and suburbs where
sparrows formerly secured grain
and waste materials.

Owls as a family are of great
help to men. In addition to rats
and mice, grasshoppers comprise
a goodly share of their diet.

There are 13,000 species of birds
in the world of which 850 species
live in North America. About 200
species can be found in one general
region.

There are 15,000 species of in-
sects within a radius of 50 miles
from New York City. Many of
these insects could be regulated by
native birds, but man has intro-
duced insects without introducing
the birds that check them. It has
been estimated by W. C. Hender-
son, acting chief of the Bureau of
Biological survey, that the loss
from insects would be \$440,000,
000.00 more than what it is today
if we did not have birds.

If we do not each do our part
in protecting the birds, we will
have a still larger problem in in-
sect control. One hunter of game
birds admitted killing 139,628 birds
in his lifetime.

The removal of shrubs along
highways and fence lines has de-
creased the number of birds in
many localities. The removal of
the Osage orange or hedge apple
has caused a great decrease in the
number of brown thrashers who be-
long to the wren family. The
brown thrasher also eats many
worms.

The building of bird houses and
bird baths is not enough. We must
plant shrubs to protect birds and
ones that will feed birds particu-
larly during the winter when food
is scarce.

Among shrubs and small trees
the fruit of which is usually eaten
by birds as soon as it matures,
may be named the Junberry, el-
derberry, the honeysuckles, choke-
cherry and other cherries, wild
raspberry and wild blackberry, the
mulberries and dogwoods. Fruit
like that of the junberry maturing
about the time of that of the cul-
tivated cherry is preferred by birds
and tends to check the onslaught
upon the latter.

The fruit of the hackberry tree,
the wild grape, wild rose, the nan-
nyberry and wild viburnums, some
of the redwax, the mountain ash,
all highly esteemed by birds, per-
sist more or less into the winter
months. The sumac, highbush
cranberry, barberry, juniper, pine,
ash, boxelder and alder have been
listed as winter fruit with varying
value. This concludes, it is be-
lieved, the list for Illinois of the
most important shrubs and trees
that contribute to the feeding needs
of birds. (Quotation from special
publication of Illinois Audubon So-
ciety.)

We can also build feeding places
for our birds. Last and by no
means least—destroy the stray
cats.

Where Copper Is Produced

Copper, in metallic form, occurs
either alone or in connection with
chemical combinations of the same
metal in many parts of the world,
notably in Peru, Chile, Alaska, parts
of southern Australia, Siberia, Corn-
wall, Germany, and most in the
United States, says a writer in the
Philadelphia Inquirer. Native cop-
per is found crystallized in cubes
and in modifications of this form.
Sometimes it forms a nucleus with
first a layer of red oxide and then
a second layer of carbonate of cop-
per around it. The Butte district
of Montana is the largest copper
producing region in the world.

Dogwood in Demand

The dogwood is an important
tree commercially in some sections.
Its hard, smooth, fine-textured wood
is in great demand for shuttles,
bobbins, golf club heads, gavel, and
duckpins. It is one of the most ex-
pensive lumbers in the United
States. About 60 per cent of the
25,000 cords cut annually is export-
ed to Europe, Mississippi and Ala-
bama supplying most of this ord-
age. The bark of the roots and
trunk is used in medicine, since it
contains a bitter drug principle,
cornin, and a small amount of tan-
nin and gallic acid.—Washington
Post.

PROGRESSIVES
HOLD FIRST
MEETING

Nominees for Spring Elec-
tion to be Presented at
Next Meet March 6

Mt. Prospect Progressive Club
held a meeting Monday, February
25, in the public school basement,
for the purpose of starting the
work of placing a ticket in the field
for the village offices to be filled
in the election in April. Under the
present state law, all offices of the
village government are to be filled
at this election, and those elected
will hold office for two years, and
there will be no election in the vil-
lage next year. At the last elec-
tion, the trustees and clerk elected
were put in office for one year only,
so that the end of their terms would
coincide with those elected the pre-
ceding year. Under the present
law, which is not considered a com-
pletely satisfactory one, and likely
to be changed before many years,
the six Trustees, the President of
the Board of Trustees, and the Vil-
lage Clerk will all be elected this
year, and their terms will all end
at the same time, in 1937, when a
complete group of candidates will
again be voted upon.

Nominating Committee Chosen

All candidates for offices have to
be on record, by petition, with the
Village Clerk on March 12, which
is the last filing date. To date no
petitions have been filed, and the
Progressive Club meeting, to which
a public invitation was given, was
the first public meeting of the ses-
sion. The group attending the
meeting elected a Nominating com-
mittee, which was charged with the
preparation of a report of accept-
able and willing candidates for a
ticket, to be presented at a meet-
ing of the club to be held in the
public school on Wednesday even-
ing, March 6. According to plans
of the group attending the Mon-
day meeting, the Nominating com-
mittee suggestions would be sub-
jected to discussion at the next
meeting, and other nominees are
to be considered, if presented. At
the meeting next Wednesday the
candidates of the Progressive or-
ganization will be selected and the
petitions will be prepared for fil-
ing. Also, it is expected that the
officers of the club will be elected,
and campaign plans made. A gen-
eral public invitation is being ex-
tended for the March 6 meeting.

MOTORING HINTS

By Chicago Motor Club

Automobiles are subject to five
types of skidding. In a report
they are listed as follows:

1. The braking skid, which is the
most common, caused by too sud-
den application of the brakes.
2. The steering skid, whereby the
car is guided either incompetently
or carelessly, causing the back of
the car to swing around to the
front.
3. The power skid, caused by too
much engine speed which results
in spinning wheels without normal
traction.
4. The traction skid, resulting from
smooth tires on oily or icy roads.
5. The mis-alignment skid, which
is often overlooked, caused by cars
driven with wheels out of line.

Thorough washing of the car and
chassis should always be followed
by thorough greasing. Grease will
force water out of moving parts,
whereas if water is allowed to re-
main rust and squeaks will result.

For utmost protection, service
and satisfaction, the new lighter,
cold-test oils recommended by man-
ufacturers should be used in win-
ter. Automobile mechanisms of
today no longer compare with
crude machinery; consequently, re-
quirements of lubrication, and en-
gineering practices have changed.

Tire pressures change with tem-
perature changes. Frequently, a
sudden drop in temperature will
cause under-inflation, owing to con-
traction of the air in tires.

Erratic action of the ammeter
needle often is caused by a loose
belt when the generator is belt-
driven.

EAST MAINE

Lenten services at St. Matthew's
Lutheran church will begin Ash
Wednesday, March 6, with a ser-
vice in English at 7 o'clock p. m.
Miss Margaret Dritein of Chi-
cago spent last week visiting her
aunt and uncle, Mr. and Mrs. Oren
Jaacks.

A group of seven East Maine
ladies, members of the P. T. A. at-
tended and enjoyed a benefit play
presentation given at the studio of
Mrs. Reeves in Park Ridge Thurs-
day afternoon, February 21.

Mr. and Mrs. George Ahrens en-
tertained at a family supper party
Friday evening in honor of
George's birthday anniversary.

Miss Malinda Kref was the
honored guest at a miscellaneous
shower given for her by her sis-
ter, Mrs. Ray Krambeer at Wheel-
ing Saturday evening. Miss Ma-
linda will very shortly become the
bride of Mr. Harry Fick.

Party Planned
at Childerley
March 1st

The Northbrook Ramblers, five
piece orchestra, will furnish the
Friday, March 1, at Childerley as
a part of the program given by the
bookkeeping class on that evening.

A varied program is promised to
all who attend. The purpose of
the party is to raise money to pay
for books and equipment for the
school, which has been quite a suc-
cess this winter, hence a small ad-
mission fee will be charged.

Quite a number of persons from
Mt. Prospect, have been taking ad-
vantage of the opportunities offered
in the school conducted at Child-
erley this winter and have profited
greatly by the courses taken there.
Several very interesting
features open to the public with-
out cost, have been introduced re-
cently. One is the adult chorus
which meets every Wednesday
night at 7:45. Another is the series
of illustrated art talks by Miss
Carson on Monday night from 8
to 9 o'clock. Both of these are
open to anyone over sixteen years
of age.

"Ruggles of Red Gap"
Coming to the Roosevelt

Charles Laughton, eminent Eng-
lish actor, who forged to the fore-
front of stage and screen stars
with a long series of characteriza-
tions of horrifying and sinister
characters, finally wins the oppor-
tunity to portray a thoroughly lov-
able person, which comes to the
Roosevelt Theater soon.

"Two more years of what I've
been through," says Laughton,
"and I would have been in some
psychopathic ward."

Beginning with pictures such as
"The Devil and the Deep" and "The
Island of Lost Souls," Laughton
has been plotting and rehearsing
his way until he reached the climax
of his villainous personalities in his
extraordinary and artistic Nero in
"Sign of the Cross."

His characterization in "The
Private Life of Henry VIII," re-
plete with humor though it was,
did not make the Bluebird of Eng-
land a sympathetic character.
Laughton's artistic integrity and
his knowledge of character pre-
sented that and incidentally won
him the Motion Picture Academy
award for that role.

"But I need an escape from them.
Quite frequently, you know, actors
assume the personalities of their
most distinguished roles. I don't
want to behead my charming wife
as poor Henry did. That is one of
the reasons why I was glad to get
the chance to play 'Ruggles'."

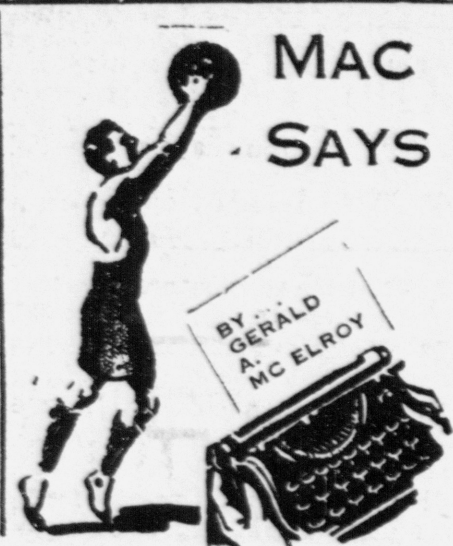

"Besides, I feel that I know just
how 'Ruggles' felt when he was
transported from England to Red
Gap. I felt the same way when I
first came to this country. I want-
ed everyone to like me, and I didn't
quite know how to go about it. My
experience helped."

Birthstone Months

January, garnet; February, ame-
thyst; March, bloodstone; April,
diamond; May, emerald; June,
agate or pearl; July, ruby or car-
nelian; August, sardonyx; Septem-
ber, sapphire; October, opal; No-
vember, topaz; December, tur-
quoise and lapis lazuli.

After Office Hours
At the Rialto Theatre

With the success of "After Office
Hours," her new Metro-Goldwyn-
Mayer film co-starring Clark Gable,
Constance Bennett was signed to a
long term contract by M-G-M
where all her pictures will be made
in the future.

Big Scoring Night

Last Friday was a big night for individual scoring as the strong and weak teams in most instances met. The top scorers were not in all cases with the losers, however. Pflug of Wauconda sank 22 points against Arlington and moved into a tie with Sticks of Libertyville for second place in the conference scoring with 104 points.

Reuse of Palatine just about clinched the scoring championship as he raised his total to 124 with 19 points at Antioch. Reuse has a 20 point lead over his nearest rivals with only one game remaining. Matussek dropped to fourth with 101 points with 6 points in the Elga game. Hahnfeldt accounted for 12 points against Antioch and ranks fifth with 95 points. The Palatine center has played one less game than those who rank above him. Zimmerman of Warren moved into sixth position with 86 points due to 16 points at Barrington. Latta, the retired Barrington star, is seventh with 85 points. Other scorers ranking in the order named are Nehmer of Elga, Bishop of Antioch and Conn and Etters of Barrington.

Easy for the Best

We wish to inquire whether the district tournaments in Illinois are being conducted to send the best teams to the sectional or for the purpose of entertainment and financial gain. It appears to us that the policy of giving the two teams which are rated best, the first round byes in opposite brackets is highly unfair to teams which may be as good but have not played as many large schools.

Elgin and Dundee rate byes and have the advantage of one less game to play to reach the finals though they are large schools and can best afford to play from the start due to large squads of reserves. The winner of the Arlington-Richmond game for instance has to play a fresh Elgin team the following night. A first round bye appears to us to be as good as an 8 point spot when that team reaches the semi-finals.

56 Fouls in a Game

The Dundee-St. Charles game of last week which Dundee won 40-36 in an overtime was a queer one. A total of 56 fouls were charged against the two teams with the winners suffering 24 penalties and the losers 32. Nine players were disqualified and of this number St. Charles lost six. Dundee made good on 20 free throws and St. Charles 12.

The best scoring we have heard of this year is 33 points made by a fellow named Zalesky playing for the Algonquin Merchants against the Elgin Foxes in an independent game. Algonquin won incidentally by a count of 64-43.

Early in the season we asked fans to inform us if they knew of any player in the conference in past years beating the mark single game of 24 points made by Reuse of Palatine. No one has sent in a better record. Now we are sending out a call to find out if anyone ever scored more than 14 points in a single eight minute quarter, a mark set by Zimmerman of Warren last week.

Two More Weeks

Two more weeks and the sport page will be discontinued in the Paddock Publications with the close of the basketball season. In the final issue will appear the individual scoring record of every player in the conference who has scored 20 or more points during the season's schedule of 12 games.

The cuts of players appearing this week were secured through the courtesy of the Waukegan News-Sun, a daily paper with wide circulation in Lake county. There will be more pictures next week.

Better Come Early

When Palatine played at Barrington many fans were turned away because the facilities would not accommodate the huge turnout. Tonight a similar overflow is expected. Palatine can seat more than Barrington, but people who come after 7 o'clock may not have much choice of seats.

The Northwest Conference paired Wauconda and Warren in the north section and Leyden and Bensenville in the south for the first round of the conference tournament several weeks ago. Warren won 26-21 and Leyden triumphed 25-28. Now the state has paired the same teams in district tournaments. Warren meets Wauconda at Libertyville and Leyden tackles Bensenville again at Elmhurst next Wednesday.

11 Records Last Year

Last year the Palatine-Antioch game set the season's scoring record when the Pirates accumulated 58 points. This year the game at Antioch also was top for the season with a count of 54-17 for Palatine. Last season's game set about 11 records for the year in the conference. This

Palatine, Barrington In First Night's Contests At District Tournament

Meet Opens Tuesday at Crystal Lake; Arlington Plays Richmond Wednesday Night

Palatine and Barrington will be the first Northwest Conference teams to get into district tournament competition when they meet Hampshire and Woodstock in the initial round at Crystal Lake Tuesday evening. Both are rated a much better than even chance to come through. If such is the case the Pirates would meet the winner of the Harvard-Plato Center tilt and Barrington the victor in the Crystal Lake-Huntley battle.

Arlington Heights, the third loop team to compete at Crystal Lake, meets the same opponent as last year in Richmond. The Cardinals' game is scheduled for Wednesday night. Should the Cardinals win their second opponent would be the tourney favorite El-

Crystal Lake Games

Tuesday, March 5.
1—Plato Center vs. Harvard, 6 p. m.
2—Huntley vs. Woodstock, 7 p. m.
3—Hampshire vs. Palatine, 8 p. m.
4—Crystal Lake vs. Huntley, 9 p. m.

Wednesday, March 6.
5—Hebron vs. McHenry, 7 p. m.
6—Richmond vs. Arlington Heights, 8 p. m.
7—Winners (4) and (2), 9 p. m.

Thursday, March 7.
8—Elgin vs. Winner (6), 7 p. m.
9—Winners (3) and (1), 8 p. m.
10—Dundee vs. Winner (5), 9 p. m.

Friday, March 8.
11—Winners (7) and (8), 7:30 p. m.
12—Winners (9) and (10), 8:30 p. m.

Saturday, March 9.
13—Losers (11) and (12), 7:30 for third place.
14—Winners (11) and (12), 8:30 for championship.

This year all tournament games are being played at night. Because of this the meet opens one day early. Admission to the finals on Saturday will be 50 cents, but 35 cents is the charge for all other sessions.

Elgin Is Favorite
The favorite of the tournament appears to be Elgin. The Maroons won 15 successive games, but the loss of a couple of stars at the end of the first semester has weakened the team to the extent of losing the Big Six crown. Graf, a star left hand scorer and Hughes, a rangy center, lead a good Elgin team which is not likely to be upset as it was last year.

Dundee, district champion in 1934, is not as strong as a year ago, but with a first round bye in a different bracket than Elgin, stands a fair chance of repeating. Dundee placed third in the Little Seven with an even break in 12 games. Batavia was the loop winner with 11 successive victories.

Last Friday, in a game with St. Charles which they won 40 to 36 in an overtime, Dundee sank 20 free throws. Adams, the only remaining veteran, at center and Schuett and Zamecnik at forwards appear to be outstanding.

Hebron Strong Too
Hebron is rated very strong this year and may take the place of Huntley as the surprise of the tournament. Hebron won the McHenry county tournament and has a long string of victories. Crystal Lake and Harvard are rated strong and the fact that they are about on a par is shown in the 35 to 33 victory of the Lakers when the two met last week.

Barrington and Palatine are two other teams which will bear watching and will probably go farther than most of the experts expect. The fact that both finalists go to the sectional tournament is an added incentive and it would not be surprising if one of these teams gained the coveted honor.

Tournament officials are Otto Kuehn and Ray E. Quant, both of Chicago and unknown in the Northwest Conference.

Warren meets Wauconda in a first round game at the Libertyville tournament while Leyden and Bensenville clash Wednesday evening at Elmhurst. Leyden, a victor over Bensenville three times this year, is expected to win and meet Riverside in the second round.

Reuse Tops Scorers

Capt. Reuse scored 19 points for Palatine with four or more in every quarter to raise his total for 11 conference games to 124, the best in the loop by quite a margin.

Antioch had the distinction of having fouls called on but two men and their total of 6 were all assessed to Steffenberg and Bishop, the former retiring on 4 persons. Antioch also had a record of making but 3 out of 15 free throws.

Some Scoring Streak

Another possible record was for long string of points. With the score 15 to 9 in the second quarter Palatine ran their count up to 46 or dropped in a total of

Kenneth Zimmerman of Warren, (right) and Leroy Pflug of Wauconda, (left), are two of the leading scorers of the Northwest Conference despite the low position of their teams in the standing. Pflug has 104 points and Zimmerman 86.

Pflug scored 22 points last Friday night as his team beat Arlington 34 to 22 for the second time this season. Zimmerman scored 16 points the same night against Barrington and

set a new conference record with 14 points in the final quarter as his team made a valiant effort to overcome a big Broncho lead. Zimmerman's best night was when he almost single handedly defeated Bensenville with 21 points.

Tonight Pflug leads his team in the final of the season against Antioch while Capt. Zimmerman completes a brilliant four-year career on court and gridiron in the final game with Arlington.

PIRATES BACK AFTER SLUMP TRIM ANTIOCH

Indians Take 54-17 Walloping from Palatine; Papooses Win 20-18.

Palatine definitely demonstrated at Antioch Friday that they are on the upgrade from a mid-season slump when they walloped the Indians 54-17 for the most decisive victory recorded in the heavyweight division this season. The first 10 minutes was the only period in which Antioch showed any semblance of giving the Pirates a ball game.

The Little Pirates dropped their fourth of the season 20-18 when they failed to count a single field goal in the last half in 25 shots after showing the way to the Papooses in the early stages of the game.

Capt. Reuse, who scored at least four points in every period, set a fast scoring pace for his mates with 19 points. Hahnfeldt hit the loop six times from the field and Mangels contributed 11 points. The Pirates were in the best shooting mood of the year with 25 goals in 51 attempts.

Palatine took a 15 to 5 lead in the first quarter, but Bishop and Steffenberg scored goals to make the count 15 to 9 at the end of 10 minutes. Then the Pirates went wild and ran their count to 23 to 9 at the half and continued the rampage in the last half until they had the score 46 to 10 early in the last period. At this point Megel substituted a new team which ousted the Indians the rest of the way.

Arlington Aces Play Colored Teams Tonight

A challenge to play two Waukegan colored teams has been accepted by the Arlington Aces basketball team who will meet their challengers at 7:45 o'clock tonight in the Arlington Heights high school gym. Two games will be played, both the Blue Aces and White Aces meeting visiting teams.

31 points while Antioch was scoring a single free throw. This 31-1 count was in a period of 16 minutes or just half the game.

Mess, a member of the reserves who had difficulty hitting the basket in the closing minutes of the lightweight defeat, scored three baskets in as many shots when substituted in the Pirate heavyweight lineup. Palatine was running a high temperature with a bad case of field goals fever.

Leroy Pflug of Wauconda, (left), and Kenneth Zimmerman of Warren, (right), are two of the leading scorers of the Northwest Conference despite the low position of their teams in the standing. Pflug has 104 points and Zimmerman 86.

Pflug scored 22 points last Friday night as his team beat Arlington 34 to 22 for the second time this season. Zimmerman scored 16 points the same night against Barrington and

set a new conference record with 14 points in the final quarter as his team made a valiant effort to overcome a big Broncho lead. Zimmerman's best night was when he almost single handedly defeated Bensenville with 21 points.

Tonight Pflug leads his team in the final of the season against Antioch while Capt. Zimmerman completes a brilliant four-year career on court and gridiron in the final game with Arlington.

Leyden 31, Elga 21.

Lightweights
Antioch 20, Palatine 18.
Barrington 30, Warren 22.
Arlington 27, Wauconda 18.
Libertyville 40, Bensenville 8.
Leyden 21, Elga 7.

LEYDEN ROMPS OVER ELA FIVE EAGLETS WIN

Heavies Win 32-21; Title-seeking Lights Hold Elga Scoreless for Half.

Leyden romped to a 32-21 victory over Elga at Lake Zurich last Friday night in the season's last home game for the Elga boys. After a 4-4 tie at the end of the first quarter the visiting five drew ahead rapidly.

The Leyden lightweights won 22-7 after holding the Elga lights scoreless throughout the first half and without a field goal until the last few minutes of the game.

In the heavyweight game Kosack, Leyden center, was high scorer with 9 points and Nehmer, Elga star, scored with 7 points. Leyden counted with six of nine free throws, while Leyden scored only five of 15 tries.

In the lightweight game Elga's zone defense kept their visitors to 4 points at the end of the first quarter and 8 points by the half while Leyden's man-to-man defense was holding Elga scoreless. Leyden's scoring was quite well distributed, with Steingraber, forward, scoring 7 points and Long, center, scoring 6 points.

BRONCOS CLINCH SECOND TITLE DOWN WARREN

35-25 Victory Assures Championship to Barrington; Warren Comeback Good.

Barrington clinched their second conference cage championship in a row by defeating Warren Friday night 35 to 25. The Broncos could do no worse than tie for first place should they lose tonight at Palatine. The Broncos lights won 30 to 22 to maintain third place. The games were the final of the season on the Barrington court.

Barrington had an easy time in the heavyweight game as they recorded leads of 12-4, 26-6 and 32-8 at the quarter intervals. In the last period Zimmerman, great star of the Warren team, put on a one man show and ran wild for 14 points in eight minutes. The visitors outscored the Broncos 17-3 in the final period to bring the count to respectable proportions.

Latta, star center, who scored 16 points the previous week, was not on the Broncho squad. Mollenkamp, jumped center and Conn played the pivot line. The latter made seven straight free throws.

Barrington's scoring was evenly divided with Grabenkort 10, Conn 9, and Etters 8. Zimmerman's 16 points moved him among the conference scoring leaders with 86 points.

The Barrington Colts had hard sledding until the final period when they hit from all angles after trailing 17 to 16 at the half. The scoring was paced by Hager with 10, Koffenstein with 8 and Anderson with 6 points. Phillips and Rosene were high for Warren. Barrington was charged with 22 fouls.

LIBERTYVILLE CRUSHES BISONS IN BOTH GAMES

Bensenville Heavies Lose 46-18, Lights Defeated 40-8 in Wildcat Lair.

Libertyville crushed two Bensenville teams under overwhelming scores Friday night in the Wildcat lair. The heavies piled up a 46-18 margin while the championship-bound Kittens won their tenth victory 40-8.

Worthen's sensational shooting set the pace for Martin's regulars as they piled up a half time lead of 22 to 12, which they increased to 40-18 in the third period. Worthen contributed 14 points, but Sticks, Brown, Jaeger, Madden, and Isaacson each scored two or more field goals.

Not content with a lead of 18-5 at the intermission, the Libertyville lights handed Bensenville a second half drubbing of 22-3 for the worst beating of the season, a count of 40-8.

The lightweight game was featured by the passing and floor work of Harlan, Murphy and Dishinger scored 10 and 8 points, respectively for the winners.

Play Three Games

Three basketball games were scheduled to be played in the Barrington high school gym last night. In the curtain raiser the Blechele specials were to meet the Elgin Foxes. Next the Lake Zurich girls were to meet the Barrington girls five, and then the Chicago Red Caps, a colored team, was to play the Church All Stars of Barrington.

Norman Nehmer, star guard of the Elga cagers, is one of the best players in the conference this year. This lad has scored 76 points to rank eighth in the loop in individual scoring. His defensive work and floor play have won praise from all who have seen him perform on the hardwood this season.

Wauconda Trims Arlington 36-38; Cardinal Lightweight Five Wins 27-18.

Arlington's Cardinals are glad they don't have to face Pflug of Wauconda again. They've seen enough of him in their two encounters this year. This one-man team administered the second coat of shellac to the Cardinals Friday night by a 36-28 score. Pflug counted for 22 of the 36 points.

He gave as brilliant an exhibition of "blind" shooting as has ever been seen around these parts, fully half of his 10 baskets being cast in the general direction of the netting without bothering to look to see if it was still there. All of them slipped through perfectly.

Dillon at center contributed some opportune shooting for Wauconda. Others of the team, but for some fair defensive work, were just out on the floor.

Arlington's Cardinals did fairly well for themselves in the way of points, but couldn't compete with Pflug. Gieseke and Szasz made a valiant effort to pull the victory to their team but couldn't do it.

In the lightweight game Arlington's ponies woke up for a half, and rolled up a 21-6 lead without letting Wauconda score a field goal. They won 27-18.

The SNAPSHOT GUILD

USE THE FINDER

At what is the girl pointing? ... Why? ... What of it? A good picture, but uninteresting because it tells no story and fails to explain itself. There is no question, however, about the snapshot of the hunter. It tells a complete story. Its composition is successful.

LISTEN in on any snapshotting beginner as he goes over a fresh batch of prints:

"Boy, look at that! Got that string of trout swell. But say—Bill's head is out of the picture! Now how did I manage to do a crazy thing like that?"

The answer is very simple. The lad taking the picture failed to use the view-finder when he made the shot. He probably saw that the string of fish was in view, but he quite overlooked the fact that the proudly grinning Bill was neatly decapitated.

Most modern cameras have two kinds of view-finders. First, of course, is the familiar reflecting finder—the kind into which you peer from above. Properly shaded, it will give you an accurate idea of what each shot includes. Then there is the "direct" view-finder, mounted on the top or side of the camera. In using it you hold the camera at eye-level and sight through two rectangular openings. What you see, the camera will get.

With either or both of these finders there is really little reason for failing to get what you want in a picture. Of course, there are limits, defined by the size and shape of the film and the capacity of the lens. You have to select the most interesting bits of a scene and concentrate on them.

When an artist does this, he "composes" his picture. Many volumes have been written on the subject of composition, but the whole idea may

be boiled down to this: A good composition is simply a pleasing arrangement of the elements of a picture, an arrangement that puts the emphasis on the most interesting feature.

A little care in using your view-finder will, almost invariably, give you a well-composed picture. For your eye will reject an arrangement that is confusing or displeasing; it will warn you that somebody's head is going to be lopped off; it will reveal whether or not the finished picture will tell a story—the story you had in mind when you unlimbered the camera.

For "telling a story" is the essence of a good picture. The Chinese have a proverb, "One picture is worth ten thousand words." But the proverb applies only to good pictures.

Many a professional photographer spends hours studying the "view-finder" of his camera before he makes a single shot. His success in business depends on his presenting vivid story-telling pictures. In our snapshotting we have no such weighty considerations. We have only ourselves and a few friends to please. But we can increase that pleasure vastly by pausing, just before we click the shutter, to check up our picture in the view-finder. If it's what we want—fire away! And, when the finished pictures come back, we shall certainly not begrudge those few seconds of concentration on the view-finder.

JOHN VAN GUILDER.

A MIRACLE

By ANNE CAMPBELL

I SAW a miracle from my own door. Spreading its glamour on my patch of sky, Giving me hope and bringing me once more A dream that I supposed had passed me by.

After the rain, the darkness, and the fear, After the lightning's flash, and the tempest's moan, That rainbow seemed to shine for me alone!

It was as if God's finger wrote for me, Who am so seldom far from my home place: "Beauty will find you, and felicity, And after suffering, the rainbow's grace."

MONDAY MORNING

TAKE it any way you look at it Monday morning is a bad time for the children. The week-end broke their routine. Their bodies have been forced to adjust themselves to another rhythm and that always makes children, and grown people, irritable. They don't mean to be bad tempered, they just are, and cannot help it. When your whole body is grumbling your mind cannot maintain a sweet and strong attitude. That would be too much to ask even of one's mind.

Things are always lost on Monday morning. The brief case that John left "right there," cannot be found. The belt of Janet's dress which she knows she fastened to the dress the very last thing Friday afternoon, has vanished.

The schoolroom fares no better. Indeed it fares worse. The children arrive in various degrees of distress. They got up late, the breakfast wasn't right, the milkman hadn't come. The teacher feels dull, tired, weighed down with the cares of the ages. Monday morning isn't the happiest time imaginable for any of us. It takes a long time to get by it and that means so much time wasted. What is to be done about it?

For one thing, don't begin Saturday until Friday is nearly completed. Too many children think Saturday begins Friday noon. Keep them to their schedule. All lessons are to be completed Friday afternoon and no excuse for leaving them until the week-end is to be allowed. That means that mother will be saved hunting for a fountain pen and a sheet of note paper on which to write an excuse to the teacher on Monday morning.

All school clothes, books, whatever has to do with school on Monday morning is to be laid waiting and ready before going to bed on Friday night, exactly as it would be if it were Thursday night. That means that mother won't have to hunt for somebody's shoe, belt, hat, and whatnot.

When things have been arranged for school on Monday morning let the week-end have its way. Children need to break routine as well as to maintain it. Let the children rest and play, secure in the knowledge that they are ready for Monday morning. We won't have a hundred per cent perfection but we will save a lot of trouble and time. We can get the school work well started by Monday afternoon instead of Tuesday. And we can maintain some sort of peace and order in the household over the week-end.

HEADS WOMEN'S CLUB

Mrs. William M. Whittington, wife of the representative from Mississippi, has been elected president of the Congressional club, an organization exclusively for wives of senators and representatives.

MAXIE CUTS SOME ICE

Fraulein Maxie Herber, who is only fifteen, has again won the women's fancy ice skating championship of Germany, at an Alpine winter resort where the German winter sports title meet was held. Maxie and other winners of the reich meet have been invited to come to the United States.

Bagpipes Known to Ancients

Bagpipes were known in ancient Egypt, Chaldea and Persia, says a Scotch historian, and were introduced into Scotland by the Romans.

The Household

By LYDIA LE BARON WALKER

ONE of the petty annoyances that every one has who wears shoes that fasten with ties or shoe strings, is their coming untied. That is unless these persons have learned the way to make the bows secure, and few have found the solution. So let me tell you today of a method whereby this bother can be prevented. It is so easy any one, even a child, can do it.

Make the first twist of the strings about each other, as usual, which is loosely termed tying the knot. However, as a knot is defined as intertwining parts "so that they will not slip," the use is scarcely correct. But we will understand what is meant whether we signify this crossing of shoe strings one over and one under (the other) as tying them together or knotting them.

Make a loop of one of the ends close to this tying as usual and proceed to loop the other end about it exactly as you do when tying a bow. But, instead of making the second loop immediately, draw the whole length of the string or ribbon through and proceed to make the second loop, which this time is actually formed into the loop of the bow. Draw tight as is customary. This bow will not come undone or work out.

Make Bow Straight. It is easy to understand that when the strain and rub come on the bow, the knot beneath, instead of working loose, tightens. We now have a real dictionary type of knot for it "will not slip." This is no theory, but a practical working plan, one I have used for many years and found absolutely successful.

While the first requisite of a tied shoe lace is that it remains tied, the second is that the bow comes straight across the front of the shoe without twisting. How you do this depends on how you make the first tying, and the direction of the ends, which must follow their natural tendency or the bow will be askew. A little careful watching and experimenting will be all that will be needed to perfect the tying of the bow. When knot is tight and bow straight, both comfort and good looks are well met.

Selecting Silverware. Selecting silverware is a pleasant task which, at one time or another, falls to the lot of every homemaker. It may be the silver is for her own home, or it may be for a wedding present for a new home. In either event the person sees the beautiful pieces, reproductions of choice old patterns or new pieces and new styles. As silverware has both a decorative and practical purpose, it should fulfill both missions, and always prove an artistic pleasure.

The shapes and sizes of flatware and hollow ware have been carefully thought out by makers in order for each piece to fulfill its special use. The name flatware refers to knives, forks, spoons and all such pieces as lie flat on the table and are service or individual pieces. The name hollow ware pertains to all containers, which in order to hold things must be hollow, such as pitchers, coffee and tea pots, sugar bowls, and plates, dishes of all sorts and descriptions that are made of this precious metal. Trays and platters, although they may be flat, nevertheless, are containers come under the category of hollow ware. Flatware consists of small articles. Hollow ware pieces are larger, although their sizes differ widely.

Unpainted Furniture

Unpainted furniture, now available in astonishingly varied and attractive styles, may be left in natural finish and a few touches of color added. After lightly varnishing the surface and then rubbing it down with powdered pumice stone to get a way-like gloss, the handles of chests or drawers, the tops of tables or the edges of bedsteads may be enameled in a bright color, such as blue, coral or pink green.

Lacquering New Wood

If new wood is to be lacquered, a wood filler is required to secure a finish that is entirely smooth. The filler is applied in the usual manner, being brushed on, the excess wiped off, the surface allowed to dry. Lacquer is applied with a soft hair brush and "flowed" on rather than stroked back and forth. It should smooth itself out and never be gone over a second time if it is possible to avoid it.

Knockers and Doorknobs

Brass knockers and doorknobs that are exposed to the weather will stay clean and bright longer if rubbed with paraffin with a soft dry cloth.

"Guinea Pig" Plant Gains Fast

Kalanchoe Dargemontiana, "guinea pig" of the plant kingdom, is the fastest multiplying plant. Each season it puts out 2,500 new growths.

DO YOU KNOW ILLINOIS?

By EDWARD J. HUGHES
Secretary of State

The Secretary of State of Illinois is the State Librarian and Archives Division, under his jurisdiction contain much information concerning your State. Hughes, Secretary of State, Public Information Department, Capitol, Springfield, Illinois.

Q. What requirements must be observed in order that one may practice law in Illinois?

A. Attorneys are licensed by the Supreme Court. An applicant must have completed two years of study at a recognized college or university, have graduated from an approved law school, have passed the bar examination, and must present certificate of good character signed by two practicing attorneys.

Q. What professions are licensed by the state and by what departments?

A. The Supreme Court licenses attorneys. The Department of Registration and Education licenses physicians, osteopaths, midwives, dentists, chiropractors, optometrists, registered nurses, architects, barbers, beauticians, embalmers, horse shoers, pharmacists, veterinarians, structural engineers, public ac-

Seed Wheat and Seed Oats

We are expecting a carload of Montana Swedish Seed Oats and Marquis type Seed Wheat. Both grains are northern grown, and will, therefore, grow better in this territory than grain grown south of here.

We have samples on display at our office. As this grain is selling at a very attractive price, the orders are coming in rapidly.

Book your order early to avoid disappointment.

FARMERS — ATTENTION

IT'S EARLY IN THE SEASON, yet many of our old customers and many new ones, are coming in to see us about loans to enable them to make a better start for this year. Already we have loaned money to farmers this year.

- To buy horses
- To buy feed
- To buy seed oats
- To pay household and farm running expenses until income starts
- To hold onion sets for better price
- To buy cows
- To get tractor and tools in shape for spring work
- To rent additional land

IF A HUNDRED DOLLARS, or two hundred, or any amount up to three hundred, will help you over a tight place, come in and see us. Costs nothing to find out all about it. We want to serve you only if our dealings will be profitable and satisfactory to you.

ARLINGTON HEIGHTS SPECIAL ASSESSMENT NO. 92

STATE OF ILLINOIS, COUNTY OF COOK—SS.

In the County Court of Cook County

IN THE MATTER OF THE PETITION OF ARLINGTON HEIGHTS FOR THE SPECIAL ASSESSMENT OF THE COST OF CONSTRUCTING A CONNECTED SYSTEM OF STREET PAVEMENT IN SOUTH CHESTNUT AVENUE AND OTHER STREETS AND AVENUES.

IN RE THE MATTER OF PETITION FOR THE EXTENSION OF THE TIME OF PAYMENT OF ASSESSMENTS AND THE REFUNDING OF BONDS.

NOTICE is hereby given that pursuant to a petition filed by the owner and holder of all the outstanding bonds issued in anticipation of the collection of the special assessment levied in the above entitled cause with the President and Board of Trustees of the Village of Arlington Heights, asking that the extended time of payment be granted, and that the assessment be refunded, and pursuant to an ordinance passed and approved by the President and Board of Trustees of said Village, providing for such extension of the time of payment of said assessment and the refunding of such bonds, all as provided for by Section 86a of an act entitled: "An Act Concerning Local Improvements," approved June 14, 1897, as amended, the said Village of Arlington Heights did, on the 19th day of February, 1935, file a petition in the Office of the Clerk of the County Court of Cook County, praying that the unpaid special assessment and installments thereon be refunded, and confirmed in the above entitled cause, be extended, and that the unpaid and outstanding bonds issued in anticipation of the collection of said assessment, and the accrued interest on said bonds be refunded; that the amount of assessments proposed to be refunded is the sum of \$86,331.21, being the sum of the unpaid installments of said assessment levied against the several pieces of property described in the assessment roll, and accrued interest thereon amounting to \$19,551.91; that the number of installments in which said assessment is presently payable is ten annual installments; that the number of installments which it is proposed to make the same payable is nineteen; that the amount of securities proposed to be refunded is the principal sum of \$68,100 and past due and accrued interest thereon, amounting to \$9,384.00, making a total of \$77,484; that the amount of the refunding securities is proposed to be said sum of \$77,484.

NOTICE is further given that the hearing on said petition has been set in the County Court of Cook County for March 12, 1935, at the hour of 10:00 o'clock A. M., or as soon thereafter as the business of the court will permit; at which time and place the Court will hear objections to such petition.

MICHAEL J. FLYNN,
Clerk of the County Court of Cook County.

H. J. THAL,
of Arlington Heights, Ill. (3-1)
Attorney for Petitioner, Village
